REFER TO DLA Troop Support - NASA

29 November, 2012

Dear QSL Participant,

This letter serves as a reminder that DLA Troop Support or our agent may perform random scheduled, or unannounced, audits of Qualified Supplier's List (QSL) program participants. These audits serve to confirm adherence to the QSL Criteria and Provisions.

Currently we utilize Atlas Testing Labs (ATL) Audit Division, Rancho Cucamonga, CA, Coil Services, Feasterville, PA, Laboratory Testing Inc., Hatfield, PA, and Navmar Applied Sciences, Warminster, PA, to conduct QSL audits. The use of Agents to perform audits was implemented in April of 2001, and will continue indefinitely. This does not preclude instances where DLA Troop Support personnel will perform site audits. Additionally, the Defense Contract Management Agency (DCMA) will continue to conduct most pre-qualification site-surveys.

If you have further questions, please contact me directly at 215-737-7020.

Harry Frost
