2. BACKGROUND:

Kraft Foods announced today a voluntary recall in the United States of Planters and Back to Nature products containing pistachio nuts that have the potential to be contaminated with the Salmonella organism. This possible contamination is not connected with the recent outbreak associated with peanuts.

The company is recalling all products containing pistachios supplied by Setton Pistachio of Terra Bella, Inc. after September 1, 2008. Setton Pistachio issued a recall late yesterday.

There have been no cases of Salmonellosis reported to date in connection with these products and the company is issuing this recall as a precaution. These products were distributed to retail stores nationwide
