2. BACKGROUND:

Forward Foods today announced a voluntary recall of DETOUR branded bars that contain roasted peanuts purchased from Peanut Corporation of America (PCA) because of the risk that the peanuts may be contaminated with salmonella. No illnesses have been linked to the products. Detour products are being recalled out of an abundance of caution because they contain roasted peanuts manufactured by Peanut Corporation of America (PCA). While independent laboratory testing to date has indicated no Salmonella contamination in any Detour products, PCA is the focus of an investigation by the U.S. Food and Drug Administration (FDA) concerning a recent Salmonella outbreak thought to be caused by tainted peanut products. Forward Foods, LLC is taking this precautionary step to protect consumers and ensure the safety of our products.
