2. BACKGROUND:

Casper's Ice Cream, Inc. of Richmond, UT in cooperation with the FDA is voluntarily recalling all Fat Boy® Casco® Nut Sundae on a stick and Fat Boy® Cherry Cordial Casco® Nut Sundae on a stick products because they contain granulated peanuts supplied by Peanut Corporation of America, Plainview, TX, which may be contaminated with Salmonella.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

No illnesses have been reported in connection with fat boy® nut sundae products. All fat boy® products and ingredients are routinely tested and have tested negative for any contamination. Fat Boy® Casco® Nut Sundae on a stick and Fat Boy® Cherry Cordial Casco® Nut Sundae on a stick are distributed nationwide through retail grocery and convenient stores.
