a. REMARKS:

- (1) ALFOODACT 130-2009 and ALFOODACT 131-2009 are CLOSED but are reference material for ALFOODACT 139-2009.
- (2) ALFOODACT 139-2009. The Dairyshake Powder Do Not Consume Order remains in effect until all potentially affected stocks are exhausted. DSCP has established 1 June 2013 as the tentative end date for ALFOODACT 139-2009, based on MRE three year shelf life plus one year. DSCP has established an "OPERATIONAL RATIONS, DAIRYSHAKE POWDER, INFORMATION PAGE" <<http://www.dscp.dla.mil/subs/fso/alfood/dairyshake.asp>> to post assemblers' dates of pack (DOP)/lot numbers that ARE NOT AFFECTED by the do not consume order. Links to the web page are also available on the DSCP Subsistence Main Page <<http://www.dscp.dla.mil/subs/index.asp>> and the DSCP Food Safety Office Main Page <<http://www.dscp.dla.mil/subs/fso/index.asp>>. DSCP encourages Services/Agencies to establish links to this site to increase dissemination of information. ALFOODACT 130-2009 and ALFOODACT 131-2009 are CLOSED but are reference material for ALFOODACT 139-2009.

- b. Closed status denotes that this office has provided final disposition instructions for the item(s).

- c. Open status denotes that only partial disposition instructions have been provided, and that further instructions will be provided in a subsequent message by this office.
4. ALFOODACT Messages may involve situations of serious adverse health consequences or death. Therefore, it is important for each message recipient to carefully read each ALFOODACT Message in detail and take appropriate action expeditiously. Message recipients should take the appropriate and necessary follow-up actions for subsequent deliveries of the recalled item(s) to ensure compliance with the initial recall.
5. To avoid delays, recipients of ALFOODACT Messages are encouraged to maintain a close liaison with their servicing telecommunications centers. The installation message center must be provided with a current point of contact list within the activity to ensure timely notification of receipt. If an ALFOODACT Message is not received, the local telecommunications center should be contacted to obtain a copy. However, if all attempts to secure a copy fail, then contact this center (DSCP-FTW) for further assistance.

Reference 1.b. requires telecommunications centers to maintain a file of each ALFOODACT Message for one year and to provide copies upon request. Paragraph 309 of reference 1.b. further requires the telecommunications centers to maintain a record of each joint general message (e.g., ALFOODACT Messages) by serial number, until canceled by the first ALFOODACT Message of the new calendar year. If the telecommunications center failed to receive the message, then they should request a retransmission from their particular switching station. This center is responsible for issuing ALFOODACT Messages. Message recipients that have not received a message for 90 days or longer can access DSCP's Food Safety Office web page for the latest message.

<http://www.dscp.dla.mil/subs/fso/alfood/afamess.asp>

6. Activities that discover a condition in a food or nonprescription drug that may require a recall should report it to DSCP Philadelphia PA//DSCP-FTW// IAW paragraph v.d.5 of reference 1.a. While an activity may place an item on "Medical Hold" for a hazardous condition, the issuance of an ALFOODACT Recall Notice is restricted to the DSCP Consumer Safety Officer.
7. Disposition instructions are currently being placed below the body of each message and can be interpreted as follows:
 - a. Messages which state, "the item is to be placed in a "Medical Hold" status and the particular supplier/distributor contacted for appropriate disposition instructions," will indicate that no further disposition instructions will be provided by this center, and the action will be considered closed.
 - b. Only messages, which state, "the item is to be placed in a "Medical Hold" status and appropriate disposition instructions will be issued at a later date," will be considered open, and further instructions will be provided by this center.

8. DSCP appreciates the outstanding efforts and continued support of the DoD Hazardous Food & Nonprescription Drug Recall System by all activities during 2009. Your comments and suggestions for improvement to this system are welcome.
9. The POC for this message is CW3 Porter C. Burnett, Consumer Safety Officer, DSCP-FTW, at DSN 444-2922, Commercial (215) 737-2922; E-mail: dscpconssafofc@exmail.dscp.dla.mil; or by fax to (215) 737-7526.

PORTER C. BURNETT
