The goals above were established with respect to companies from which Robert Orr SYSCO will purchase products for sale to the Military facilities in Zone 2 of the contract because purchasing of the food and food service products is the only area available for subcontracting under this contract.

Robert Orr SYSCO purchases thousands of different products from various manufacturers that are Small Business, Small Disadvantaged Business, Service Disabled Veteran-Owned Small Business, Veteran-Owned Small Business, Hub Zone Small Business, and Women-Owned Small Business.

Robert Orr SYSCO will use good faith efforts to achieve the goals set forth above. Since we are unable at this time to identify the types and volume of the products to be purchased, a system, as outlined in this plan, has been developed to assist us in achieving our documentation and goal achievement.

Methods of Identifying Small Business Sources

Robert Orr SYSCO has identified resources within SYSCO Corporation to assist us in identifying small business concerns. SYSCO Corporation currently has a Supplier Diversity initiative in place. The stated objective of the initiative is to source, utilize and increase sales for minority, women-owned and other small business concerns.

We will identify additional brokers who represent Small Business, Small Disadvantaged Business, Service Disabled Veteran-Owned Small Business, Veteran-Owned Small, Hub Zone Small Business, and Women-Owned Small Business food service manufacturers.

Our Planned Outreach efforts will be made as follows:

- Contact minority and small business trade associations.
- Contact business development organizations.

- Attend small and minority or women-owned business procurement conferences and trade fairs.
- Robert Orr SYSCO agrees to utilize the following sources to enhance its ability to source the small businesses needed to meet its goals:
 - The CCR Dynamic Small Business Search
 - The Center for Veterans Enterprise
 - Dynamic Small Business
 - The National Minority Purchasing Council Vendor Information Service
 - The Research and Information Division of the Minority Business Development Agency in the Department of Commerce
 - Small and small disadvantaged business concerns & trade associations

Robert Orr SYSCO, as part of our DSCP reporting requirements, will designate the type of business and size of product sold by code letter: L= Large, S= Small, SDB= Small Disadvantaged, SDVOSB=Service Disabled Veteran Owned Small Business, VOSB=Veteran-Owned Small Business, WOSB= Women-Owned Small Business, HZSB= Hub Zone Small Business, depicting the dollar value of items purchased in descending order. These reports will inform us of the high volume items the facilities are purchasing so that we might try to source small, women-owned and/or disadvantaged firms to supply those items to our company.

The difficulty experienced is in sourcing Small Business, Small Disadvantaged Business, Service Disabled Veteran-Owned Small Business, Veteran-Owned Small Business, Hub Zone Small Business, and Women-Owned Small Business firms that manufacture food service products that are competitive with larger firms. This fact influenced our smaller goals for those classifications.

Thereafter, we intend to use the attached Supplier Certification Form (Attachment 5) to determine the manufacturer size and will source Small Business, Small Disadvantaged Business, Service Disabled Veteran-Owned Small Business, Veteran-Owned Small Business, Hub Zone Small Business, and Women-Owned Small Business for some of the higher volume items.

Robert Orr SYSCO's plan does not include counting indirect costs as part of our small business goal.

The following individual will administer the subcontracting program:

Definitions

SMALL BUSINESS CONCERN: A small business is a concern, including its affiliates, which is organized for profit; independently owned and operated; not dominant in the field of operation in which it is competing; and can further qualify under the criteria concerning number of employees, average annual receipts, or other criteria as prescribed by the Small Business Administration.

HUBZone: An historically underutilized business zone, which is an area located within one or more qualified census tracts, qualified non-metropolitan counties, or lands within the external boundaries of an Indian reservation.

HUBZone SMALL BUSINESS CONCERN: A small business concern that is located in an "historically underutilized business zone"; is owned and controlled by one or more U.S. Citizens; and at least 35% of its employees reside in the HUBZone. Status as a qualified HUBZone small business concern is determined by the Small Business Administration (SBA). If the SBA determines that a concern is a qualified HUBZone small business, it will issue a certification to that effect and will add the concern to the List of Qualified HUBZone Small Business Concerns on its Internet site at www.sba.gov/hubzone.

The concern must appear on the list to be a HUBZone small business concern. HUBZone certifications will also appear in individual firm profiles in SBA's PRO-Net.

SMALL DISADVANTAGED BUSINESS CONCERN (SDB): A small business concern (1) which is at least 51% owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51% of the stock is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more such individuals. The term "socially disadvantaged" means individuals who have been subjected to racial or ethnic prejudice or cultural bias because of identity as a member of groups without regard to their individual qualities. The following individuals are presumed to be socially disadvantaged: Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, and Subcontinent Asian Americans. The term "economically disadvantaged" means socially disadvantaged individuals whose ability to compete in the free enterprise systems is impaired due to diminished capital and credit as compared to others in the same/similar line of business and, as a result, have been or are likely to be precluded from successfully competing in the open market. A socially disadvantaged individual whose personal net worth does not exceed \$750,000 (\$250,000 for

certification under the SBA Section 8 (a) Program), excluding his/her ownership interest in the company and equity in his/her personal residence is considered to be economically disadvantaged.

Effective October 1, 1999, a subcontractor claiming SDB status must be certified by the Small Business Administration. SDBs can obtain application information from the SBA by calling 1-800-558-0884. SDBs that receive formal certification are listed in the SBA on-line data base, PRO-Net, at <http://pro-net.sba.gov>.

WOMAN-OWNED SMALL BUSINESS CONCERN: A small business concern that is at least 51% owned by one or more women; or in the case of any publicly owned business, at least 51% of the stock is owned by one or more women and whose management and daily business operations are controlled by one or more women.

SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS CONCERN:

- (i) Not less than 51% of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51% of the stock of which is owned by one or more service-disabled veterans; and
 - (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
- (2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).
