<b><u>FAR 52.212-4 CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS</u></b> <b><u>(SEPT 2005)</u></b>
--

(a) *Inspection/Acceptance.*

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.*

The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Government wide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.*

Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.*

This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.*

The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable Delays.*

The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice.*

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include--

<b>FAR 52.212-4 (CONTINUED)</b>
---------------------------------

- (i) Name and address of the Contractor;
- (ii) Invoice date and number;
- (iii) Contract number, contract line item number and, if applicable, the order number;
- (iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (vi) Terms of any discount for prompt payment offered;
- (vii) Name and address of official to whom payment is to be sent;
- (viii) Name, title, and phone number of person to notify in event of defective invoice; and
- (ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.
- (x) Electronic funds transfer (EFT) banking information.
  - (A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.
  - (B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-Central Contractor Registration; or 52.232-34, Payment by Electronic Funds Transfer-Other Than Central Contractor Registration), or applicable agency procedures.
  - (C) EFT banking information is not required if the Government waived the requirement to pay by EFT.
- (2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.
- (h) *Patent Indemnity.*

The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.
- (i) *Payment.*
  - (1) *Items accepted.* Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.
  - (2) *Prompt Payment.* The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.
  - (3) *Electronic Funds Transfer(EFT).* If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.
  - (4) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

<b>FAR 52.212-4 (CONTINUED)</b>
---------------------------------

(5) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(j) *Risk of Loss.*

Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin, or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.*

The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's Convenience.*

The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for Cause.*

The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.*

Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.*

The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

---------------------------------

(p) *Limitation of Liability.*

Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other Compliances.*

The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with Laws Unique to Government Contracts.*

The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) *Order of Precedence.*

Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(t) *Central Contractor Registration (CCR).*

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be

considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

**ADDENDUM TO FAR 52.212-4**

Contract Terms and Conditions – Commercial Items

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

“Inspection and acceptance of products will be performed at destination. The authorized receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized receiving official.”

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

(1) The Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.

(2) The Contracting Officer may at anytime, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:

- (i) method of shipment or packing;
- (ii) place, manner, or time of delivery.

(3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.”

3. Paragraph (o), Warranty, is revised to add the following:

“In the event that a product recall is initiated by the Prime Vendor, supplier or manufacturer, the Prime Vendor should following the procedures as outlined below:

(1) Immediately notify the following personnel:

- (i) Customers that have received the recalled product
- (ii) DSCP Contracting Officer
- (iii) DSCP Account Manager
- (iv) DSCP Consumer Safety Officer at 215-737-3845

(2) Provide the following information to the DSCP Consumer Safety Officer:

- (i) Reason for recall
- (ii) Level of recall, i.e. Type I, II or III
- (iii) Description of product
- (iv) Amount of product
- (v) List of customers that have received product
- (vi) Name and phone number of responsible person (Recall Coordinator)

---

(3) The Prime Vendor should provide a Final Status Report of Recall, when completed, to the DSCP Consumer Safety Officer.”

4. Paragraph (t), Central Contractor Registration(CCR).

Add the following:

(5) Definitions.

“Central Contractor Registration (CCR) Database” means the primary Government repository for contractor information required for the conduct of business with the Government.

“Commercial and Government Entity (CAGE) Code” means—

(a) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or

(b) A code assigned by a member of the North Atlantic Treaty Organization that DLIS records and maintains in the CAGE master file. This type of code is known as an “NCAGE code”.

“Data Universal Number System (DUNS) Number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

“Data Universal Numbering System+4 (DUNS+4) Number” means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see Subpart 32.11 of the Federal Acquisition Regulation) for the same parent concern.

“Registered in the CCR Database” means that—

(a) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database;

(b) The Contractor’s CAGE code is in the CCR database; and

(c) The Government has validated all mandatory data fields and has marked the records “Active”.

5. FAR 52.212-4 Substistence EPA – Actual Cost of Materials, is added as follows:

**DSCP 52.216-9P24 ECONOMIC PRICE ADJUSTMENT (EPA) – ACTUAL MATERIAL COSTS (MAY 2006)**

(a) WARRANTIES. The Contractor warrants that---

(1) distribution prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) all prices invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) DEFINITIONS. As used throughout this clause, the term:

(1) “*Contract unit price*” means the total fixed price per unit charged to DSCP for a product delivered to DSCP’s customers. The contract unit price consists of two

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-4 (CONTINUED)</b>
---

components: delivered price and distribution price, further defined below. The sum of these two component unit prices shall be rounded up or off as applicable, to two (2) places to the right of the decimal point to calculate the contract unit price.

(2) “*Delivered price*” means the current net price per unit charged to the Contractor for supplying the Contractor a representative weekly requirement for an item covered in the ordering catalog to the Contractor’s distribution point not later than the Wednesday, 3:00 PM ET cutoff for updating the following ordering week’s ordering catalog price. The last (most recent) vendor price for an item should usually meet this definition if covering a substantial quantity of the Contractor’s deliveries for the subsequent weekly period. Only the delivered price component of the contract unit price is subject to adjustment under this clause.

(3) “*Distribution price*” means the firm fixed price portion of the contract unit price, offered as a dollar amount per unit of issue, which represents all the elements of the contract price other than the delivered price. The distribution price typically covers the Contractor’s projected general and administrative expenses, overhead, packaging costs, transportation costs from the contractor’s distribution point, and any other projected expenses associated with delivery to DSCP’s customers, plus profit. This price shall remain constant for the complete term of the contract period then in effect. Distribution prices shall be formatted to two (2) places to the right of the decimal point, for example, \$.50 per case.

(4) “*Ordering catalog*” means the listing of items and their corresponding contract unit prices available for ordering under this contract. Initially it will include only items for which fixed pricing has been established at contract award. Additional items may be priced and added to the ordering catalog following contract award, under procedures specified elsewhere in the contract.

(5) “*Ordering week*” means from Sunday at 12:01 AM through the following Saturday until midnight Eastern Time (ET, standard or daylight as applicable).

(c) **PRICE ADJUSTMENTS.**

(1) General.

(A) All ordering catalog prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. If the Contractor’s applicable delivered price changes after the contract date, the corresponding contract unit price shall be changed (increased or decreased) by the same amount. The price change shall be effective at the beginning of the next

LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-4 (CONTINUED)</b>
---

ordering week. All ordering catalog unit prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DSCP will be charged the contract unit price at time of each order regardless of any changes in the unit price occurring in any subsequent ordering week. In the event the Contractor finds a price recorded in the ordering catalog was not computed in accordance with this clause, the Contractor shall immediately notify the Contracting Officer in writing and promptly thereafter submit a refund proposal. The posting of updated prices in the ordering catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect the change.

(B) The Contractor shall submit a request weekly for approval of price changes and for the retention of current prices, no later than Wednesday, 3:00 PM ET to be effective in the following ordering week's ordering catalog prices. The Contractor shall notify the Contracting Officer of its request in the form of an EDI 832 transaction set or via an update to the USDA web-ordering tool, as applicable. The notice shall include the Contractor's adjustment in the delivered price component of the applicable contract unit price.

(C) The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall immediately furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists and any other substantiating information requested by the Contracting Officer.

(D) The Contracting Officer may reject any price change or request to maintain a current price for any item, to the extent such price is found not to be representative of the Contractor's current delivered price.

(E) Should the Contracting Officer determine that a price change request contained an erroneous unit price or price change, the Contracting Officer may direct that the impending price be set at the amount determined by the Contracting Officer to reflect the current delivered price, or may direct that the item in question be removed from the Contractor's ordering catalog, without liability to the Contractor or the Government. The Government reserves the right to procure such removed items from any alternate source of supply.

(F) If the Contracting Officer does not notify the Contractor by Friday, 12:30 PM ET that a price or a price change request is being questioned or has been found to be erroneous, the Contractor shall take action to incorporate the requested contract unit price changes in the ordering catalog to be effective with the beginning of the following ordering week. Price change requests that the Contracting Officer

---

questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting.

(G) For all proposed prices that were not correctly entered in time into the ordering catalog for the following week, or were identified following the commencement of the applicable ordering week, and any excessive prices found in prior ordering catalogs, the Contractor shall promptly refund the difference between the correct amount and the incorrect amount to the Government, whether identified by the Contractor or by the Contracting Officer.

(H) The Contracting Officer may also identify and forward to the Contractor for appropriate action, any prices the Contracting Officer deems excessive, such as when they are higher than lower delivered prices for items of comparable quality which are reasonably available to the Contractor from other sources. The Contracting Officer may subsequently remove any such item from the ordering catalog if the Contractor does not take appropriate corrective action in such instances.

(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the delivered prices for material. There shall be no upward adjustment for—

- (A) Supplies for which the production cost is not affected by such changes;
- (B) Changes in unit prices other than those in the ordering catalog; or
- (C) Changes in the quantities of material.

(d) UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT. The aggregate of contract unit price increases for each item under this clause during any single performance period (base or option period) shall not exceed 10 percent (%) of the initial contract unit price in such performance period except as provided hereafter. There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, or in the event the latest actual cost for an item would exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing of the facts and circumstances. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of the remaining contract performance period, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contracting Officer may issue a contract

LITTLE ROCK, AR AND SURROUNDING AREAS**

---

modification to establish a separate price increase limit for the item for the remainder of the current performance period. If the contract ceiling will not be raised, or raised sufficiently, to enable continued ordering of the item, the Contracting Officer shall so promptly notify the Contractor in writing.

(e) EXAMINATION OF RECORDS.

The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(f) FINAL INVOICE. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

(g) DISPUTES. Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

(v) Price Warranty and Verification.

(1) The offeror warrants that its unit prices are equal to or lower than its most favored customer for similar quantities under comparable terms and conditions. Should price verifications reveal any instances of overpricing, the contractor further agrees to reimburse the Government for that amount.

(2) The Government intends to perform price verification analyses from time to time throughout the term of the contract. When requested, the contractor shall provide to the Contracting Officer delivered price invoices. The Prime Vendor shall keep all delivered price invoices for a period of at least three (3) years after issuance of the applicable delivery order, or as otherwise required by the terms of the contract. The Contracting Officer will normally review the invoice in conjunction with the distribution to verify the accuracy of the delivery order unit price (i.e. the unit price in effect with the contractor's electronic catalog at the time of delivery order placement), and may conduct a more extensive review. The contractor shall promptly refund any overcharges discovered during this process. Overcharges will probably also result in more frequent price verification analyses.

(3) The Prime Vendor shall obtain product from suppliers who can provide the best value to the Government in terms of price, delivery, and quality. Whenever appropriate, the Prime Vendor shall take advantage of "reduced price specials" and "sales" offered by suppliers, as well as those manufacturers that have a National Allowance Program Agreement (NAPA) with DSCP. A list of NAPA holders is attached to this solicitation.

(4) In conjunction with the above, the contractor should note the following: Variable (catch) weight items (such as meat and poultry roasts, turkey, etc.) and lump sum billing cannot be receipted in decimals, e.g. 4.6 pounds. Contractors must round using standard mathematical rounding procedures.

<b>ADDENDUM TO FAR 52.212-4 (CONTINUED)</b>

(5) Offerors are advised that the Contracting Officer intends to conduct price verification analysis in the following manner:

(i) Periodically, the Price Verification Team may require the contractor to provide copies of specific invoices from suppliers covering up to 100 items that were previously ordered. These invoices will be used to verify that the Government is only being charged the actual product cost plus the negotiated distribution price.

(ii) The Price Verification Team will request the above documentation in writing and the contractor will have thirty (30) days after the request to furnish the documentation.

(iii) A report of overcharges and undercharges (if applicable) will be forwarded to the contractor with a request for payment, if appropriate. The Government reserves all rights and remedies provided by law or under the contract in addition to recovering any overcharges.

(iv) The Government may elect to expand the scope of the price verification analysis if overcharges are discovered. The Government may also elect to reduce the scope of the price verification analysis if no overcharges are discovered.

(v) Unit prices shall be limited to a maximum of two (2) decimal places. For evaluation and award purposes, offers containing a unit price of more than two (2) decimal places shall be rounded off to two (2) decimal places. For administrative purposes, the extended line item and total dollar amounts will be rounded to two (2) decimal places and may not precisely reflect the quantity(ies) times the unit price(s). Payment shall be accomplished on a unit price basis.

**DLAD 52.212-9000 CHANGES – MILITARY READINESS (MAR 2001)**

The commercial changes clause at FAR 52.212-4(c) is applicable to this contract in lieu of the changes clause at FAR 52.243-1. However, in the event of a Contingency Operation or a Humanitarian or Peace Keeping Operation, as defined below, the contracting officer may, by written order, change 1) the method of shipment or packing, and 2) the place of delivery. If any such change causes an increase in the cost of, or the time required for performance, the contracting officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The contractor must assert its right to an adjustment within 30 days from the date of receipt of the modification.

“Contingency operation” means a military operation that-

(i) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or

(ii) Results in the call or order to, or retention on, active duty of members of the uniformed services under 10 U.S.C. 688, 12301(a), 12302, 12304, 12305, or 12406,

chapter 15 of U.S.C., or any other provision of law during a war or during an national emergency declared by the President or Congress (10 U.S.C. 101(a)(13)).

“Humanitarian or peacekeeping operation” means a military operation in support of the provision of humanitarian or foreign disaster assistance or in support of peacekeeping operation under Chapter VI or VII of the Charter of the United Nations. The term does not include routine training, force rotation, or stationing. (10 U.S.C. 2302 (8) and 41 U.S.C. 259(d)(2)(B)).

**FAR 52.216-18 ORDERING (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of award through two (2) years thereafter.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered “issued” when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

**DSCP 52.217-9P12 OPTION FOR INDEFINITE-DELIVERY, INDEFINITE-QUANTITY CONTRACT TERM EXTENSION (MAR 2004)**

(a) Acceptance of the option provision(s)/clauses contained herein is mandatory. Failure to indicate acceptance of the option by annotating the offeror’s option price in the schedule or elsewhere in the solicitation will be deemed non-acceptance of the option and may result in rejection of the offeror’s entire bid/proposal.

(b) Offerors may offer options at unit prices which differ from the unit prices for the base ordering period.

(c) The contracting officer may extend the term of this contract for 3 additional option period(s) (Option 1 is an 18-month period; Option 2 is a 12-month period; Option 3 is an 18-month period) by written notice by close of business to the contractor within three (3) days before the expiration date of the contract, provided that the contracting officer shall give the contractor a preliminary written notice of intent to extend at least 60 days before expiration of the contract. The preliminary notice does not commit the government to an extension.

(d) Performance under the option period shall continue at the same performance level specified for the basic contract.

(e) The option to extend the term of the contract shall be exercised not later than three (3) days before the expiration date of the contract.

(f) The option is deemed exercised when mailed or otherwise furnished to the contractor.

(g) If the contracting officer exercises this option, the extended contract shall be considered to include this option clause and the minimum and maximum quantities specified in the award for that option period will apply.

(h) The total duration of any options exercised under this clause shall not exceed 18 months for Option 1, 12 months for Option 2, and 18 months for Option 3.

(i) The following provisions apply only to negotiated acquisitions:

(1) If an option has been priced under this solicitation and is to be exercised at time of award of the basic contract, the submission of certified cost or pricing data shall be required prior to award where the combined dollar value of the basic contract and option exceeds \$550,000, unless an exemption thereto is appropriate in accordance with FAR 15.403-1.

(2) Prior to the award of any contract which will contain one or more priced options totaling \$550,000 or more, the submission of certified cost or pricing data covering the basic contract and the option(s) shall be required regardless of when the option(s) may be exercised, unless an exemption thereto is appropriate in accordance with FAR 15.403-1.

**DSCP 52.211-9P36 FDA COMPLIANCE (JAN 1992)**

If any supplies acquired hereunder are recalled under the provisions of the Federal Food, Drug and Cosmetic Act, and regulations thereunder, the contractor shall, at the Government's option, either reimburse the Government or repair/replace the recalled supplies. Additionally, the contractor shall notify the contracting officer immediately when a firm decides to voluntarily recall or withdraw any product from the marketplace. Upon notification by the contracting officer that supplies acquired hereunder have been recalled, the contractor shall either (a) accept Certificates of Destruction from the Government after the supplies have been properly disposed of, (b) request return of the supplies, or (c) if supplies may be repaired on site without transporting them from their location, furnish all materials necessary to effect repairs. Replacement or reimbursement will be accomplished by the contractor immediately on receipt of Certificates of Destruction or returned supplies. The costs of replacement or repair of supplies, and transportation and handling costs for movement of returned, replaced or repaired supplies within the continental United States shall be paid by the contractor. The provisions of this clause are applicable only when the value of the recalled supplies in the possession of the Government amounts to \$100 or more. The rights and remedies of the Government provided in this clause are in addition to, and do not limit, any rights afforded to the Government by any other clause in the contract.

**DSCP 52.216-9P04 RESPONSIBILITY FOR ADMINISTRATION OF DELIVERY ORDER(S) (AUG 1992)**

Delivery orders issued against this indefinite delivery contract shall be administered by the person who placed the order on behalf of the government, i.e., the commissary ordering officer or the ordering officer responsible for the troop support activity. Ordering officers are authorized to modify delivery orders and perform all administrative functions pertaining to such orders including termination of the order for late deliveries and other product nonconformances. In these cases, the applicable agency, commissary, or activity may reprocur the supplies locally. Ordering officers, however, are not authorized to sign purchase orders or contracts and cannot take any action to charge the account of the contractor unless they are also contracting officers. Only an authorized contracting officer acting on behalf of the agency, commissary or activity can take these particular reprocurement actions. Administration of the terms and conditions set forth in the IDC is the responsibility of the DSCP contracting officer. The ordering officer shall also notify the DSCP contracting officer of all terminations and repurchase actions which were processed under the IDC.

**DLAD 52.233-9000 AGENCY PROTESTS (SEP 1999)**

Companies protesting this procurement may file a protest 1) with the contracting officer, 2) with the General Accounting Office, or 3) pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office. Protests filed with the agency should clearly state that they are an "Agency Level Protest under Executive Order No. 12979." (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

**DSCP 52.246-9P29 ADMINISTRATIVE COST TO THE GOVERNMENT IN PROCESSING CONTRACT MODIFICATIONS (JAN 1992)**

Where contract modifications are issued solely for the benefit of the contractor, e.g., acceptance of nonconforming supplies or change in place of performance or delivery, the sum of \$100.00 (the government's administrative cost to process the modification) shall be obtained from the contractor in addition to any other monetary consideration.

**DSCP 52.246-9P31 SANITARY CONDITIONS (JAN 1998)**

(a) Food Establishments.

government does not intend to make any award for, nor accept, any subsistence products manufactured or processed in a plant which is operating under such unsanitary conditions as may lead to product contamination or constitute a health hazard, or which has not been listed in an appropriate government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the "Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement", published by the U.S. Army Veterinary Command. Suppliers also agree to inform the contracting officer immediately upon notification that a manufacturing plant is no longer sanitarily approved and/or delisted from another agency's listing, as indicated in paragraph (2) below. The contracting officer will also be notified when sanitary approval is regained and listing is reinstated. Bread and bakery products from an establishment inspected by the American Institute of Baking need not be listed in the "Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement" if the contractor certifies in writing that the establishment is currently in good standing. If the establishment should lose their good standing with the American Institute of Baking, the contractor must notify the contracting officer and provide a new source of supply.

(2) Establishments furnishing the products listed below and appearing in the publications indicated need not be listed in the "Directory of Sanitarily Approved Food Establishments".

(i) Meat and meat products and poultry and poultry products from establishments which are currently listed in the "Meat and Poultry Inspection Directory", published by the Meat and Poultry Inspection Program AMS, USDA. The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the agency.

(ii) Meat and meat products for direct delivery to military installations within the same state may be supplied when the items are processed under state inspection in establishments certified by the USDA as being equal to federal meat inspection requirements.

(iii) Poultry, poultry products, and shell eggs from establishments listed in the "List of Plants Operating under USDA Poultry and Egg Grading Programs" published by Poultry Programs, Grading Branch, AMS, USDA. Egg products (liquid, dehydrated) from establishments listed in the "Meat and Poultry Directory" published by the Food Safety Inspection Service. All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the agency.

(iv) Fish and fishery products from establishments listed in the "Approved List--Sanitary Inspected Fish Establishments", published by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Marine Fisheries Service.

(v) Milk and milk products from plants having a pasteurization plant compliance rating of 90 or more, as certified by a state milk sanitation rating officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers", published by the U.S. Public Health Service. These may serve as sources of pasteurized milk and milk products as defined in paragraph N, Section I, Part II of the "Grade 'A' Pasteurized Milk Ordinance, 1978 Recommendations of the U.S. Public Health Service", Public Health Service Publication No. 229.

(vi) "Dairy Plants Surveyed and Approved for USDA Grading Service", published by Dairy Division, Grading Branch, AMS, USDA.

(vii) Oysters, clams and mussels from plants listed in the "Interstate Certified Shellfish Shippers Lists", published by the U.S. Public Health Service.

(3) Establishments furnishing the following products are exempt from appearing in the “Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement”, or other publication, but will remain subject to inspection and approval by the Military Medical Service or by another inspection agency acceptable to the Military Medical Service:

(i) Fruits, vegetables and juices thereof.

(ii) Special dietary foods and food specialty preparations (except animal products, unless such animal products are produced in establishments covered by paragraphs (2)(i), (2)(iii), or (2)(iv) above).

(iii) Food oils and fats (except animal products, unless such animal products are produced in establishments covered by paragraph (2)(i), (2)(iii), or (2)(iv) above).

(iv) foreign establishments whose prepackaged finished items are imported by distributors or brokers into the United States as brand name items and then sold to armed forces procurement agencies for commissary store resale.

(4) Subsistence items other than those exempt from listing in the U.S. Army Veterinary Command “Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement”, bearing labels reading “Distributed By”, etc., are not acceptable unless the source of manufacturing/processing is indicated on the label or on accompanying shipment documentation.

(5) When the Military Medical Service or other inspection agency acceptable to the Military Medical Service determines that the sanitary conditions of the establishment or its products have or may lead to product contamination, the contracting officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency.

Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the contractor to request an extension of any delivery date. In the event the contractor fails to correct such objectionable conditions within the time specified by the contracting officer, the government shall have the right to terminate the contract in accordance with the “Default” clause of the contract.

(b) Delivery Conveyances.

The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent contamination of the supplies, and if applicable, equipped to maintain any prescribed temperature. (Semiperishable supplies shall be delivered in a non-refrigerated conveyance.) The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, or they constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, supplies tendered for acceptance may be rejected without further inspection.

**DSCP 52.246-9P32 FEDERAL FOOD, DRUG AND COSMETIC ACT-WHOLE SOME  
MEAT ACT (JAN 1992)**

(a) The contractor warrants that the supplies delivered under this contract comply with the Federal Food, Drug and Cosmetic Act and the Wholesome Meat Act, and regulations thereunder. This warranty will apply regardless of whether or not the supplies have been:

(1) Shipped in interstate commerce,

(2) Seized under either act or inspected by the Food and Drug Administration or Department of Agriculture.

(3) Inspected, accepted, paid for or consumed, or any or all of these, provided however, that the supplies are not required to comply with requirements of said acts and regulations thereunder when a specific paragraph of the applicable specification directs otherwise and the supplies are being contracted for military rations, not for resale.

(b) The government shall have six months from the date of delivery of the supplies to the government within which to discover a breach of this warranty. Notwithstanding the time at which such breach is discovered, the right is reserved to give notice of breach of this warranty at any time within such applicable period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

(c) Within a reasonable time after notice to the contractor of breach of this warranty, the government may, at its election:

(1) Retain all or part of the supplies and recover from the contractor, or deduct from the contract price, a sum determined to be equitable under the circumstances;

(2) Return or offer to return all or part of the supplies to the contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefore; provided, that if the supplies are seized under either act, such seizure, at government option, shall be deemed a return of supplies within the meaning of this clause and thereby allow the government to pursue the remedy provided herein. Failure to agree to any deduction or recovery provided herein shall be a dispute of a question of fact within the meaning of the clause of this contract entitled "disputes".

(d) The rights and remedies provided by this clause shall not be exclusive and are in addition to other rights and remedies provided by law or under this contract, nor shall pursuit of a remedy herein or by law either jointly, severally or alternatively, whether simultaneously or at different times, constitute an election of remedies.

terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vii) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause—

(i) 52.219-8, Utilization of Small Business Concerns (May 2004) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$550,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (Apr 2002) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (Sept 2006) (38 U.S.C. 4212).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (June 1998) (29 U.S.C. 793).

(v) 52.222-39, Notification of Employee Rights Concerning Payment of Union Dues or Fees (Dec 2004) (E.O. 13201).

(vi) 52.222-41, Service Contract Act of 1965, as Amended (July 2005), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, *et seq.*).

(vii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. Appx. 1241(b) and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

<b><u>STATEMENT OF WORK</u></b>
---------------------------------

**SUPPLIES/SERVICES AND PRICES****I. INTRODUCTION**

- A. The Defense Supply Center Philadelphia (DSCP) intends to enter into one (1) contract, for this zone, to supply Subsistence products to the customers supported by this solicitation. The Prime Vendor is responsible for furnishing a full-line of food and beverage items. In addition, the Prime Vendor may also be requested to provide related non-food items to some customers.
- B. This solicitation contains the estimated food and beverage requirements for DoD and non DoD customers in Little Rock AR and surrounding areas.
- C. The resulting contract made against Solicitation SPM300-06-R-0061 will be indefinite Quantity Contract that provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractors (FAR 16.504(a)). This contract will be for a two (2) year base term and contain provisions for an 18-month term for Option 1, 12-month term for Option 2 and 18 month term for Option 3. The combined length of the contract, including option terms, may total six (6) years. The Government intends to award one contract to the same firm. The resultant contract is for separate requirements and are not subject to the fair opportunity ordering requirements in FAR 16.505 and DFARS 216.505-70.
- D. Estimated Dollar Value/Guaranteed Minimum/Maximum
1. The estimated dollar value for this Zone is \$1,088,644.19 for the two year base term. The estimated dollar value for Option 1 is \$816,483.14; \$544,322.09 for Option 2; and \$816,483.14 for Option 3. The total estimated dollar value for this Zone, inclusive of options, is \$3,265,932.54.
  2. The guaranteed minimum for this Zone is 10% of the estimated dollar value. For this Zone, the guaranteed minimum is \$108,864.42 for the base term, \$81,648.31 for Option 1, \$54,432.21 for Option 2 and \$81,648.31 for Option 3
  3. Except as otherwise provided in the resultant contract, the maximum ceiling on any resultant contract is 150% of the estimated dollar value. For this Zone, the maximum ceiling is \$1,632,966.28 for the base term, \$1,224,724.71 for Option 1, \$816,483.14 for Option 2 and \$1,632,966.28 for Option 3.  
In the event of emergencies and/or mobilization, the Government reserves the right to unilaterally execute a higher alternate ceiling. The higher alternate ceiling in the event of emergencies, natural disaster, and/or mobilization for this Zone is 350% of the estimated dollar value per term for the zone.

**II. ITEMS**

- A. This solicitation is for total food and beverage support and covers a broad range of items. The successful Prime Vendor will be expected to provide full-line food service items, such as, but not limited to, canned items, dry items, chill items, UHT dairy items, frozen bakery products, frozen meats, frozen seafood and poultry, ice cream, eggs, and other dairy products and non-food Food Service Operating Supplies. Currently fresh fruits and vegetables, fresh milk, and fresh bread/bakery items, do not have stated requirements within this solicitation, but they are within the scope of this procurement and the offerors may be required to provide them during the course of contract performance. However, distribution fees for these categories will be negotiated under this solicitation should the need arise. Prior to the actual addition of these items to the contract they must be determined to be at a fair and reasonable price by the Contracting Officer.

**III. PRICING**

Pricing will be based on the following formula:  $\text{Unit Price} = \text{Delivered Price} + \text{Distribution Price}$

A. Definitions:

1. Unit Price: The unit price is defined as the total price charged to DSCP per unit for a product delivered to the Government. The price shall be formatted to no more than two (2) places to the right of the decimal point.
  2. Delivered Price: The “delivered price” is defined as the last invoice price of a product the prime vendor has paid a manufacturer or supplier for that product delivered to its distribution point. This is sometimes referred to as “landed cost”. The price shall be formatted to no more than two (2) places to the right of the decimal point.
  3. Distribution Price: The distribution price is defined as a firm fixed price, offered as a dollar amount, which represents all elements of the contract price other than the delivered price. The distribution price typically consists of the Prime Vendor’s projected general and administrative costs, overhead, packaging costs, transportation costs from the Prime Vendor’s distribution point; any other projected expenses associated with the Prime Vendor’s function and anticipated profit. The price shall be formatted to no more than two (2) places to the right of the decimal point.
- B. All of the customers listed within these zones will be utilizing the Government’s ordering system, STORES, (The Subsistence Total Order and Receipt Electronic System). It is a requirement that pricing be fixed at the time the order is placed.
- C. Vendors may change prices in their STORES Vendor Item Catalog on a weekly basis at a maximum, in accordance with the Subsistence EPA clause in these contracts. The submissions are to be made by Wednesday, to be in effect the following Sunday. All price changes must be submitted to DSCP via the 832 EDI Transaction Set. This transmission must be received by Wednesday, 3:00 PM Philadelphia time. See Attachment 2, “EDI Implementation Guidelines” for more information on the various

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

EDI transaction sets to check for price and other changes; however, the accuracy of the vendor item catalog is the responsibility of the Prime Vendor.

- D. Vendors may not submit an 832 transaction to add any item or to change an existing part number of an item without prior approval of the Contracting Officer. Requests to add any new item or to change part numbers of an existing item must be submitted via a completed "Modified" Request for New LSN form with invoice documentation attached, 72 hours prior to the planned 832 transmission. See additional information provided in Section XVIII. Catalog.
- E. Vendors may submit alternate price change transmission timeframes (832 Updates). However, it should be noted prices cannot be updated more than once a week. For example, it may benefit both the offeror and the Government to submit prices bi-weekly on Wednesday. Price changes will only take effect the Sunday following their transmission as new catalogs are issued to the customers for Monday morning download.

#### **IV. OPTIONS**

- A. The terms on this solicitation are as follows: Option 1 is an 18 month-term; Option 2 is a 12-month term; and Option 3 is an 18-month term. Acceptance of these options by the successful Prime Vendor(s) is mandatory. Distribution Prices must be submitted for each option term, as well as for the two (2) year base term. The Distribution Price for each option term must be offered as a dollar amount, formatted with no more than two (2) places to the right of the decimal point.
- B. Prices will be evaluated inclusive of the options, i.e., the totals for all prices for the base term plus option terms will be added together to arrive at the total aggregate dollar value. This dollar value will be used as the basis for evaluating offers.
- C. Failure to propose an increase or decrease of distribution prices in the option terms will be considered, and evaluated, as no dollar value change (\$0.00 change) per option term.

#### **V. CATEGORIES OF ITEMS**

- A. The items to be procured under this contract shall be broken down into separate food categories for purposes of proposing distribution prices. For the Distribution Price Category only, prices are to be offered in the same manner in which you sell the product. For example, if you sell a product by the "case", then the distribution price would be by the "case"; whereas, if you sell the product by the "pound" or by the "each", the distribution price would be listed accordingly. If items in a specific distribution category are sold in more than one unit of measure, then distribution prices for each unit of measure applicable under that category must be offered. For example, if items in Category #1 are sold by the pound and some items are sold by the case, then a distribution price per pound and per case should be stated. Distribution Prices shall be formatted to no more than two (2) places to the right of the decimal point, for example \$1.50. Offerors must utilize the Government's food category listing below. However, offerors may submit an additional, alternate proposal utilizing a different set of categories developed by their own firm. If an alternate proposal is submitted, please be aware that a

**PRIME VENDOR SUPPORT

**VI. BACKUP PRIME VENDORS**

- A. The offeror(s) awarded the Prime Vendor contract for one zone may become a potential backup supplier for other zones should a Prime Vendor in an adjacent or nearby zone, in an extremely rare instance, be unable to support one, some, or all of the customers in that assigned zone. The offeror's agreement to perform as a potential backup Prime Vendor is required; however, if this rare situation does arise, a contractor's assignment to act as a backup to any or all customers in the zone would be renegotiated through a bilateral agreement/modification to the contract. As part of this agreement, the distribution prices for the backup Prime Vendor to support the customers of another zone would be negotiated at that time. These measures would be taken to preclude the need to re-solicit for support to the affected customers, as well as to maintain the required service to these customers.

**VII. EFFECTIVE PERIOD OF CONTRACT – INDEFINITE QUANTITY CONTRACT**

- A. The effective period for the base term of the contract is from the first order placed (excluding test orders) through two (2) years thereafter.

**VIII. NON-COMPETE PROVISION**

- A. The offeror warrants that he will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DSCP contract and onto a contract of

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis. The Contracting Officer reserves the right to resolicit the contract and may not exercise the option to extend the term of the contract if he/she discovers that the successful Prime Vendor has violated this provision. Customers that have been approached by a vendor regarding ordering off of a separate contract should immediately contact the Contracting Officer.

**IX. FRESH FRUITS AND FRESH VEGETABLES**

- A. Customers supported under this contract are expected to order their Fresh Fruits and Vegetables from produce contracts awarded by DSCP under a separate contract.
- B. If, after contract award, the ordering activities have a need for the Prime Vendor to deliver some or all of these items, the Contracting Officer and Prime Vendor will determine the availability and establish a mutually agreed upon start-up period and negotiate a price for these additional items. Prior to adding the items to the contract, they must be determined to be at a fair and reasonable price by the Contracting Officer.

**X. MARKET READY ITEMS**

- A. Fresh bread items (primarily sliced bread and rolls) and fresh dairy items (fluid milk, cultured products) are procured by DSCP and are not expected to be ordered from the Prime Vendor. It is anticipated that DSCP will enter into contracts with local suppliers for the above stated items. Local vendors will deliver these items directly to the customers. However, the distribution prices for these items will be evaluated, so that they will be pre-priced should the need arise for the Prime Vendor to deliver some or all of these items. Prior to adding to the catalog the contracting Officer will review pricing for a fair and reasonable determination. The offeror MUST provide a distribution fee for these categories.

**XI. RELATED NON-FOOD ITEMS**

- A. This solicitation does not presently include disposable products (related non-food items) associated with the preparation or serving of food for the DoD and non-DoD customers. However, the government reserves the right to include such items at a later time. These items include, but are not limited to, plastic, foam, paper goods and cleaning supplies. A list identifying all stock classes related to non-food items can be found under Attachment 7.

**XII. MANDATORY FOOD ITEMS AND DINING PACKETS**

- A. Certain supplies or services to be provided under this contract for use by the Government are required by law to be obtained from nonprofit agencies participating in the program operated by the Committee for Purchase From People Who Are Blind or Severely Disabled (the Committee) under the Javits-Wagner-O'Day Act (JWOD) (41 U.S.C. 46-48c).

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- B. The mandatory products are required to be purchased from the Non Profit Agency manufacturers listed in paragraph H. The listing of required mandatory products and Non Profit Agency manufacturers is subject to change when directed by the Committee. The contractor (Subsistence Prime Vendor) is required to expeditiously catalog the mandatory products and remove any commercial equivalent product with “essentially the same”<sup>1</sup> product characteristics. If the removal and replacement will take longer than 30 days after notification by the Contracting Officer, the approval of the Contracting Officer must be obtained for the extension.
- C. Any other commercial equivalent product with “essentially the same”<sup>\*</sup> product characteristics can not be sold to the DSCP customers under this contract.
- D. The contractor must ensure that sufficient stocks of mandatory products are on hand to satisfy anticipated customer demand taking into account lead times for delivery from the designated mandatory source to the Prime Vendor. If a contractor is notified that any of the below products are not available from the designated mandatory source, the contractor must notify the Contracting Officer immediately.
- E. The contractor is not authorized to submit catalog changes containing other commercial equivalent products with “essentially the same” product characteristics as those items listed below.
- F. If the contractor is requested to carry other commercially equivalent product with “essentially the same”<sup>\*</sup> product characteristics but with a unique packaging requirement that is not currently provided by the mandatory source, the contractor must notify the mandatory source and the Contracting Officer in order to provide the designated mandatory source with the opportunity to satisfy the unique packaging requirement being requested. Included in the contractor notification to the designated mandatory source and Contracting Officer, will be the customer’s justification for the unique packaging requirement.
- G. Price and delivery information for the mandatory products are available directly from the Designated Sources as listed in paragraph H. below. Payments shall be made directly to the Designated Source making delivery.

---

<sup>1</sup> “Essentially the Same”

The following is the criteria for determining whether the items are “essentially the same” when comparing JWOD mandatory products and commercial products. The JWOD product will be considered “essentially the same” when:

1. It has effectively the same form, fit and function.
2. The JWOD and commercial products may be used for the same purpose.
3. The JWOD and commercial products are relatively the same size and a change in size will not affect the use or performance.
4. The appearance, color, texture, or other characteristic of the JWOD product and commercial product are not significantly different from one another.

**XIII. REBATES/DISCOUNTS**

- A. The following instructions for rebates and discounts refer to those in addition to NAPA's and Food Show Discounts. As discussed in the following sections, NAPA's and Food Show Rebates must be given in the form of a discounted price.
- B. Rebates and discounts are to be returned to DSCP when they are attributable to sales resulting from orders submitted by DSCP or its customers. Additionally, any rebates and discounts offered to any commercial customer or other Government organization shall be given to DSCP or its customers in the form of an up-front price reduction. The discount/allowance shall be reflected via a reduced STORES price, resulting in a lower invoice price to the customer. Any rebates that cannot be applied as an up-front price reduction must be coordinated with the Contracting Officer. The rebate must be submitted via check made to the US Treasury, attached with itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.
- C. The Prime Vendor shall be as aggressive as possible in pursuing all rebates, including mail-in coupons and discounts for the customers supported under this contract. Notwithstanding the requirements included herein, the offeror warrants, at a minimum, that DSCP and its customers will receive rebates and discounts equal to or better than the offeror's most favored commercial or other Government customer.
- D. A rebate report shall be provided to the Contracting Officer on a monthly basis. This rebate report shall be a break out of all rebates by manufacturer, and then sorted by customer/dining facility. The final procedures relative to managing and returning lump sum rebates will be based on the final proposal and confirmed after award. The Government, however, reserves the right to audit applicable records to ensure proper

administration of the rebate program and ensure that monies due to the Government have been properly returned in accordance with the offer.

- E. As described in this section, the terms “rebates” and “discounts” do not include any discounts or rebates by the Prime Vendor due to early or prompt payments to its suppliers. Discounts or rebates by the prime vendor from its suppliers as a result of a prompt or early payment made by the prime vendors to such suppliers are not required to be passed to DSCP or its customers.

**XIV. NATIONAL ALLOWANCE PROGRAM AGREEMENT (NAPA)**

A. Definitions:

1. Agreement Holder: The supplier or manufacturer that has agreed to offer discounts to DSCP on product under DSCP Prime Vendor contracts.
2. National Allowance Program: The program implemented by the Defense Supply Center Philadelphia (DSCP) to maximize the leverage of DSCP’s buying power and reduce the overall delivered price under Prime Vendor contracts to the customers of DSCP.
3. National Allowance Program Agreements (NAPAs): The agreements between DSCP and suppliers/manufacturers that identify product category allowances. These allowances or discounts apply only to the delivered/invoice price of the product. The NAPA does not affect the Prime Vendor’s distribution price in any way.

- B. DSCP has implemented a NAPA Program as part of the Subsistence Prime Vendor Program. Under the NAPA Program, DSCP will enter into agreements with suppliers/manufacturers offering domestic products.

C. Under the NAPA Program, agreement holders will:

1. Authorize and consent to allow the contractor(s) to distribute covered products to ordering activities under the Prime Vendor Program.
2. Offer discounts on the delivered price of the product ordered under Prime Vendor contracts, whereby the price to the customer includes the discount. The discounted price is the price that will be submitted via the 832 catalog transaction.

- D. NAPAs neither obligate the Prime Vendor to carry, nor the ordering activity to purchase, any of the agreement holder’s products; however, NAPA terms will apply to any order placed by the customer for products covered by a NAPA, in which case the invoice price must reflect the NAPA.

- E. If a Prime Vendor has a pricing agreement/arrangement with more favorable terms and/or pricing structure, then it is required to pass on these savings to the customer.

LITTLE ROCK, AR AND SURROUNDING AREAS**

- F. Under a contract resulting from this solicitation:
1. Within five (5) working days from notification of award, the awardee will contact John Steenberge, Program Manager, NAPA Team, 215-737-8461. The NAPA Team will provide general instructions and a password to access the allowances on the NAPA website.
  2. The Prime Vendor agrees to bill the invoice price to the Government as specified by the NAPA allowance and initiates a bill-back to the agreement holder, if any activity orders any product covered by a NAPA. The agreement holder will reimburse allowances to the Prime Vendor within a time period mutually agreeable to the Prime Vendor and the agreement holder.
  3. Any disputes involving the NAPA between the Prime Vendor and the agreement holder will be resolved between them according to their own commercial practice. However, DSCP will attempt to facilitate any such disputes.
- G. NAPA Tracking Program: The Prime Vendor agrees to comply with the requirements of DSCP’s Tracking Program for NAPAs and shall provide the required product information to support the NAPA allowance and sales tracking website. Data shall be submitted as follows:
1. Format: The required information shall be formatted in an Excel spreadsheet, flat ASCII file or a delimited file. Each transmission must be of the same format. Request to change from one format to another must be forwarded to the Contracting Officer for approval.
  2. Transmission of Data: The information shall be submitted electronically via-
    - a. Email to [data@one2oneus.com](mailto:data@one2oneus.com) Include contract number(s) in email title.
    - b. FTP to <ftp://ftp.one2oneus.com> Inquire for a username and password.
  3. Frequency of Submission: The information shall be submitted as often as the data may change but no more than weekly.
  4. Contents of the data File: The contents of the data file shall include the information shown below for all of the products, NAPA and non-NAPA that are shipped to the Government. All of the fields for each item must be populated with information unless otherwise stated.

Field Number	Field Description	Field Name	Width	Format	Note

7	Allowance UOM	ALLUOM	03	Alpha-Numeric	Note 4
8	Allowance to Ship Conversion	ALLCONV	12	999999.99	Note 5
9	Prime vendor Markup Amount	PVMARKUP	12	999999.99	Note 6

Fields 6, 7, and 8 relate to NAPA. If a product is NOT subject to a NAPA allowance then fields 6, 7, and 8 can be left blank or zero.

Notes:

1. This field represents the manufacturer's part number of the product. If a valid case UPC is available, you should use the case UPC. The UPC check digit is optional. In the case where a UPC is not available, then you must use the manufacturer's part number (SKU number) as designated by the manufacturer. All leading zeros are required. All characters such as dashes are also required if the manufacturer uses the character in their part number identifier.
2. This field needs to identify the manufacturer (not necessarily the supplier) of the product. If your item master has a valid case UPC and you send the UPC in field 4 there is no need to provide this field. If you do not have a valid case UPC, please indicate the manufacturer or brand name or some code indicating the same. If you use a code please provide an additional listing of those codes and their description. Please note, this is the manufacturer of the product not necessarily who supplied you the product.
3. This is the off-invoice allowance amount. It can be found in the NAPA table. If the product is not subject to a NAPA allowance then please set this field to zero.
4. This is the allowance UOM. It can be found in the NAPA table. If the product is not subject to a NAPA allowance then please leave this field blank.
5. Conversion to the Unit of Issue UOM. The conversion factors to equalize the allowance UOM to the unit of issue UOM. For example, if the unit of issue UOM is "CA", for case, and the allowance UOM is "CS", for case, the conversion factor would be set to 1. However, in the case where the Unit of Issue is "CS" and the allowance UOM is "LB", for pounds, this conversion factor may be fifty (50) because there are 50 lbs in a case. If the product is not subject to a NAPA allowance then please set this field to zero.
6. For each item, provide the applicable markup amount. As previously negotiated with DSCP, you have assigned a markup amount to each food category or to each item. This amount should correspond to the unit of issue measurement. This is required in order to insure that a NAPA allowance was provided off-invoice.

H. The NAPA Program is for the exclusive use of DSCP customers purchasing product under the resultant contract.

**XV. FOOD SHOWS**

- A. DSCP actively participates in Vendor Food Shows for the purpose of obtaining food show “allowances”. These allowances are negotiated by DSCP with each exhibitor at the Food Show, whether it is a broker representing several firms, the distributor representing a firm, or the manufacturer directly. In addition, other procedures in accordance with a vendor’s normal commercial practice may be used to negotiate the allowances or savings.
- B. The Prime Vendor is required to advise the Contracting Officer and the Acquisition Specialist of all Food Shows that are conducted throughout the course of the contract. This includes annual shows, as well as regional and/or mini food shows. The Government reserves the right to participate.
- C. Approximately one (1) week prior to the Food Show, the Prime Vendor shall furnish the Contracting Officer and/or Acquisition Specialist the following information:
1. List of brokers/manufacturers attending the Food Show;
  2. Map showing the locations of booths;
  3. Effective period of allowances;
  4. Statement as to whether the allowances are applicable to all orders placed within the effective period, or for only the amount of product booked; and
  5. Usage report for all customers covered by the contract. This data shall represent the same number of weeks as the effective period of the allowances. The data shall be a consolidation of all customers, and be sorted in booth order sequence. At a minimum the following elements are required:
    - a. Vendor Part Number
    - b. Description of item
    - c. Usage quantity
    - d. Manufacturer/Brand
    - e. Booth Number of the exhibitor and the products they represent
- D. At the end of the Food Show allowance period, the Prime Vendor shall submit to the Contracting Officer/Acquisition Specialist a Food Show savings report by customer. This shall be completed within 2 weeks of the end of the allowance period. A total sales report for the same period shall also be submitted.
- E. Food Show allowances must be passed on to the customers directly as a discounted price. Accordingly, when the applicable items are ordered, the price must reflect the discount if ordered during the specified time frame. The discounted price is the price that is to be submitted via the 832 catalog transmission. All decreases in price must be submitted via the 832 transmission the week prior to the beginning of the allowance period.

**XVI. CUSTOMER SERVICE AND SUPPORT**

- A. The Prime Vendor shall treat each and every customer covered under this contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under this contract.
- B. The Prime Vendor shall provide at least one (1) full time Customer Service Representative to maintain continuous contact with all the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number, email address, and any other method of communicating with the representative, shall be furnished to the customers after award.
- C. The customers in this zone have periodic food menu board meetings and the Prime Vendor may be invited to attend these meetings. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate product preparation, provide nutritional information and address any other concerns the customer may have. Offerors shall address how they will take part in these forums and the value added services they will employ to enhance these meetings, as requested in the section entitled "Submission Requirements".
- D. Since many of our customers only have access to the Government phone network, it is required that a toll free telephone number be provided.

**XVII. RECALL PROCEDURES**

In addition to the required recall procedures detailed in the Addendum to Clause 52.212-4, Contract Terms and Conditions – Commercial Items, the Prime Vendor will be required in the event of a product recall initiated by the Prime Vendor, supplier or manufacturer, to follow these procedures: immediately, notify the customers that have received the recalled product, the DSCP Contracting Officer, the DSCP Account Manager and the DSCP Consumer Safety Officer. The Prime Vendor will provide that following information to the DSCP Consumer Safety Officer: the reason for recall, level of recall, i.e. Type I, II or III, description of product, amount of product, and list of customers that have received the product, name and phone number of responsible person (Recall Coordinator). The Prime must provide a Final Status Report of Recall, when completed, to the DSCP Consumer Safety Officer.

**XVIII. CATALOG**

The market basket of items, along with their respective prices as determined fair and reasonable during the acquisition process will become the basis of the catalog. It should be noted that this Market Basket represents 80% of the customers' requirements for this Zone. After award, additional items will be added as required by our customers. Any item added to the catalog after award will be determined fair and reasonable prior to its addition. Unless otherwise specified, items catalogued are not considered proprietary. In addition, the following applies to all weekly 832 updates in the catalog.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- A. Additions to the Catalog - All catalog updates via 832 transactions for additions of any/all new item(s) and/or changes to vendor part numbers to any existing item(s) currently on the prime vendor catalog must have written approval from the Contracting Officer prior to any transmission for any/all addition(s) and/or change(s). This written approval from the Contracting Officer shall authorize the specified addition(s) and/or changes(s) and represent the Contracting Officer's determination of price reasonableness.

Under no circumstance shall a Prime Vendor transmit any catalog update addition without the Contracting Officer's approval. Vendors shall submit their request for approval for such additions no later than seventy-two hours prior to the planned 832 transmission update. Vendors shall utilize one of the attached Modified Local Stock Number (LSN) Request forms, completed in full, when requesting all item approvals. (See Attachment Section)

Each request must, at the same time, have the following documentation attached: copy of manufacturer's original invoice signifying the delivered price, or a written price quote, on the manufacturer's letterhead, if the item is not currently in stock. This quote should include: price, date price quote was obtained, time period quote is effective for, quantity covered by price quote, manufacturer's part number, and manufacturer's point of contact information. Also included in the request should be the distribution price category and the distribution price dollar amount per unit of measure annotated on the invoice or price quote submitted for review by the Contracting Officer. Requests and their supporting documentation shall be faxed and/or emailed to the Contracting Officer for immediate review. The approved price for any/all items as submitted on the Modified LSN Request Form MUST be the price submitted upon the 832 transmission. Incoming 832 transmissions will be verified for compliance. Prices submitted other than those approved will be rejected.

- B. New Item Introduction - The successful offeror shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their current choices. The company would still be required to perform the normal supplier selection process to include the analysis, comments, and recommendations of the new products prior to the product sampling and/or taste testing. If a product is terminated or replaced by a new item due to customer preference, the customer must draw down the existing inventory before ordering the new replacement item. If a customer desires to order an item that is not part of the contractor's inventory, the Prime Vendor will be allowed a total of thirty (30) days, excluding Government processing time, to source the items, obtain DSCP Contracting Officer approval for the item and price, obtain a stock number from DSCP (if required), and add the items to its Vendor Item Catalog via 832 catalog transmission. The Prime Vendor must notify DSCP and the requesting activity when new items are available for distribution. These items should then become a permanent part of the Prime Vendor's inventory, if it appears that these items will be ordered on a regular basis, and if the customer indicates a minimum movement of twenty (20) cases or more per month, or otherwise specified minimum case requirement.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- C. Price Changes - Price changes will be in accordance with the Economic Price Adjustment (EPA) – Actual Material Costs (May 2006) DSCP included in this solicitation. The DSCP Contracting Officer will review all price changes to determine fair and reasonableness when 832 transmission updates are received, but prior to release of catalog to customer. As part of this review, the Contracting Officer may require additional substantiated proof of the cost prior to final approval.

**XIX. ADDITIONAL CUSTOMERS**

- A. The Government reserves the right to add DoD and non-DoD customers in the solicited area to the Prime Vendor contract based on a mutually agreed upon implementation plan.
- B. The increase of the new business will be reflected in the 150% maximum guarantee and the higher alternate ceiling.
- C. Additional customers are limited to those that receive Federal funding.

**XX. CENTRAL CONTRACTS**

- A. DSCP's Central Contracting Office administers the contracts for Coca-Cola, Pepsi, and Dr. Pepper Bag-in-Box and canned soda. Additional information and points of contact can be located on the DSCP web page using the following web address:  
<http://www.dscp.dla.mil/subs/beverage.htm>
- B. From time to time during the performance of this contract, DSCP may issue Indefinite Delivery Type Contracts (IDTCs) to various suppliers for specific products to be distributed by the Prime Vendor. It is not mandatory for the Prime Vendor to order directly from these contracts. However, these contracts will provide the price ceiling for these items in same similar packaging. If the Prime Vendor chooses to catalog items from another source, other than that of the IDTC the price charged by the Prime Vendor to the ordering activity will not exceed the IDTC price, plus the Prime Vendor's negotiated distribution price. At time of award, and at other times when applicable, DSCP will provide the Prime Vendor with a list of all IDTCs awarded and their terms and conditions of the awarded IDTCs.

**DESCRIPTION AND SPECIFICATIONS**

**I. ORDERING SYSTEM**

- A. All customers listed within these zones are currently using the Subsistence Total Order and Receipt Electronic System (STORES), accessed via the Internet.
- B. Subsistence Total Order and Receipt Electronic System (STORES)
1. STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services'; i.e. Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange (EDI) format. In addition, this information is passed to DSCP for the purposes of contractor payment and customer billing. Attachment provides additional EDI information.
  2. Customers will be able to order all of their food and beverage requirements through STORES. Some customers will also be able to order non-food items through STORES. The system will transmit orders to the Prime Vendor, the produce supplier (for fresh fruits and vegetables), the bakery (for fresh bread), the dairy (for fresh milk and dairy items) and to DSCP for ration type items. It may be possible during the life of this contract that all customers will have the opportunity to order the non-food items from STORES.
  3. The awardee shall be required to interface with STORES and must be able to support the following EDI transactions:
    - a. 810 – Electronic Invoice
    - b. 820 – Payment Voucher Information
    - c. 832 – Catalog (Outbound: Vendor to DSCP)
    - d. 850 – Purchase order
    - e. 861 – Receipt
    - f. 997 – Functional Acknowledgement
  4. A complete description of these transaction sets is included in the "EDI Implementation Guidelines" attached to this solicitation.
  5. The Prime Vendor shall have access to the Internet and be able to send and receive electronic mail (email).
  6. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.
  7. The Prime Vendor is required to utilize the Government's item descriptions in the Electronic Catalog (832 transmission). The Government's format begins with the broad category of the item and then continues with a more specific item description. For example: "Crinkle Cut Carrots", would be listed as "Vegetable, Carrots, Crinkle Cut".

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

**II. ORDER PLACEMENT**

- A. Customer orders are placed to accommodate a “skip day” delivery. An order placed on March 1<sup>st</sup> would have a required delivery date of March 3<sup>rd</sup>. Orders may be placed with a longer lead-time; however, the minimum lead-time is “skip-day”.
- B. As part of its Technical Proposal, the Prime Vendor shall submit a plan describing how it intends to notify customers of the non-availability of an item. It should be noted that the maximum time frame is 24 hours. If it appears that the vendor does not expect a stock replenishment in sufficient time to fulfill the requirement, the Prime Vendor should offer the customer a substitute of equal or higher quality and of equal or lower cost, or advise them of the not-in-stock position of the item and the date of the expected delivery from the manufacturer.

**III. FORCE PROTECTION**

- A. The Defense Supply Center Philadelphia (DSCP) Subsistence Directorate provides world-wide subsistence logistics support during peacetime as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DSCP to insure steps are taken to prevent the deliberate tampering and contamination of subsistence items. The contractor/vendor must insure that products and/or packaging have not been tampered or contaminated throughout the manufacturing, storage, and delivery process. The contractor/vendor must immediately inform DSCP Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.
- B. As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations. The Government strongly recommends that all firms review their security plans relating to plant security and security of the product, especially in light of the heightened threat of terrorism.

**IV. PRODUCT QUALITY**

- A. Acceptance of supplies awarded under this solicitation will be limited to product processed and packed from the latest pack available or the latest seasonal pack during the contract period. All products delivered shall be as fresh as possible and within the manufacturer’s established shelf life (i.e., Best if Used by Date, Expiration Date, or other markings). For annual pack items, products will be from the latest seasonal pack available, unless specifically authorized by the customer.
- B. Commercial standards should be used to maintain temperatures appropriate for individual items.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

C. Level of Product Quality:

1. When designating an item as a match for the DoD item in the schedule of items listed in the solicitation, the item must be:
  - a. Identical in respect to packaging when the DoD unit of issue is not described by weights (e.g. pound or ounce).
  - b. Identical for portion control items, except that pack size may vary. For example, NSN 8905-00-133-5889 “Beef Braising Steak, Swiss” is described as “frozen, formed, portion-cut, not mechanically tenderized, US Choice Grade or higher, 6 oz each, NAMP 1102 or equivalent, from knuckle, inside round, Eye of Round, or Outside Round, 53 lbs. per box”. The requirement for the formed six (6) ounce portion must be identical. However, if the commercial pack size were a 15-lb. box, it would be acceptable by modifying the unit of issue ratio in the STORES ordering system. In respect to the previous examples, the DoD ordering activities require continuity with the DoD unit of issue for proper inventory and accounting within DoD.
  - c. Equivalent in respect to grade or fabrication.
2. A substitute item must be of equal or higher quality and equal or lower in price.
3. All items must meet or exceed the Government’s item description of their assigned Government stock number.

**V. SUPPLIER SELECTION PROGRAM/ACQUISITION PLAN**

- A. A Supplier Selection Program/Acquisition Plan shall be used. It should demonstrate the effectiveness of the program to provide a continued supply of quality products with minimal variation to product appearance, grade, yield, taste, texture, etc. The offeror’s methods to ensure that standardized product quality will be maintained when products are received from various suppliers must be included. Internal audits or management audits, training, and policies and procedures for the purchasing department to ensure the integrity of the purchasing system must be addressed. Policies and procedures to assure purchase orders and subcontracts contain all flow down clauses, including terms and conditions required by the prime contract, as well as any clauses needed to carry out the requirements of the prime contract. Include an organizational and administrative structure that ensures effective and efficient procurement of required quality materials and parts at the most economical cost from responsible/reliable sources. Selection processes to ensure the most responsive and responsible sources for furnishing required quality parts and materials and to promote competitive sourcing among dependable suppliers so that purchases are reasonably priced and from sources that meet contractor quality requirements. Price or cost analysis performed with every purchasing action. Procedures to ensure that proper types of subcontracts are selected and that there are controls including oversight and surveillance of subcontracted effort.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- B. The contractor shall develop and maintain a quality program for the product acquisition, warehousing and distribution to assure the following:
1. Standardized product quality;
  2. The usage of First-In, First-Out (FIFO) principles;
  3. Product shelf life is monitored;
  4. Items are free of damage;
  5. Correct items and quantities are selected and delivered;
  6. Ensure requirements of the Berry Amendment are met;
  7. Customer satisfaction is monitored;
  8. Product discrepancies and complaints are resolved and corrective action is initiated;
  9. Supplier, FDA, or DoD initiated food recalls are promptly reported to customers and DSCP;
  10. Compliance with EPA and OSHA requirements;
  11. Salvaged items or products shall not be used;
  12. Applicable food products delivered originate from a source listed as a Sanitarily Approved Food Establishment for Armed Forces Procurement.

**VI. WAREHOUSING AND SANITATION PROGRAM/STORED PRODUCT PEST MANAGEMENT**

- A. The contractor shall develop and maintain a sanitation program and a stored product pest management program for the food and other co-located non-food items that comply with industry standard programs such as the Code of Federal Regulations, Title 21, Part 110, Food manufacturing Practices, the Federal Insecticide, Fungicide, and Rodenticide Act, the Food, Drug, and Cosmetic Act of 1938 as well as all pertinent state and local laws and regulations. Records of inspections performed by the firm, subcontractor, or recognized industry association shall be maintained and made available to the Government at the Contracting Officer's request. Any findings by the firm or its agent documenting a critical sanitation deficiency shall be reported immediately to the Contracting Officer with an attached report of corrective action.

**VII. PRODUCT SANITARILY APPROVED SOURCE REQUIREMENTS**

- A. Applicable food products, e.g. poultry, dairy and seafood items, delivered to customers listed in this solicitation, as well as any customer added to the Prime Vendor Program, shall originate either from an establishment listed in the "Directory of Sanitarily Approved Food Establishments For Armed Forces Procurements", or one which has been inspected under the guidance of the United States Department of Commerce (USDC) or the United States department of Agriculture (USDA). For detailed information see Clause 52.246-9P31 "Sanitary Conditions" in this solicitation.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

**VIII. CONTRACTOR PRODUCT DESCRIPTIONS**

- A. At the time of the initial submission of the proposal, the offeror shall provide a set of product technical descriptions (specifications), for each of the “market basket” items identified in this solicitation.
- B. The technical description must contain sufficient detail to determine the product’s salient characteristics for comparison to the item solicited for in the schedule of items. Bid sheets are not considered technical descriptions.
- C. The Subsistence Prime Vendor Office/ Technical Evaluation Panel will determine if the item offered meets the minimum quality standard described.

**IX. PRIME VENDOR QUALITY SYSTEMS MANAGEMENT VISITS AND AUDITS**

A. The Supplier Support Division’s audit personnel will conduct unannounced Quality Systems Management Visits (QSMVs) to review the PV’s compliance with the terms of the contract to ensure these are being met. The visits will be scheduled as a result of unsatisfactory ratings received during DSCP PV Product Audits, customers’ complaints, requests from the Contracting Officer, or as deemed necessary by the Government. QSMVs may include visits to subcontractors and/or product suppliers/food distributors used by the PV. If an on-site visit is deemed necessary (by DSCP) to a subcontractor, product supplier and/or food distributor used by the PV, the PV shall make arrangements for these visits. During the QSM the Government may review/verify one, several or all of the following areas (this is not inclusive) as deemed necessary: the methods and procedures used to comply with the terms of the contract; condition of storage facility; product shelf-life management; inventory in stock (age of product and condition, labeling, etc.); product rotation (FIFO), shelf life extensions, etc.; product substitutions; control of material targeted for destruction/disposal or to return to suppliers as a result of customers’ returns; DSCP’s PV audit results, other; review of paperwork for product destroyed/condemned or returned to supplier due to product rated Blue/Red during the last DSCP audit, customer, returns, etc.; customer’s notification on product recalls (product rated Blue/Red/other reason), etc; PV’s response to customer returns/issues and visits to customers locations. Unannounced visits to the customers served by the PV may also be conducted at the same time by the same DSCP personnel.

**B. Worldwide Meat and Seafood Audits:****(a) Basic Audits**

1. The DSCP Worldwide Food Audit Program, covering all Food Classes within a Prime Vendor’s catalog (Meat, Poultry, Seafood and Processed Products) functions as a Service and Quality Assurance check for our DoD customers to ensure the war fighters are receiving products of an optimum quality level. The audit objectives focus on the following to ensure:

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- i. Prime Vendor adherence to contract requirements
  - ii. The quality level of the materials supplied is satisfactory and uniform throughout the DSCP-FT Prime Vendor Regions.
  - iii. There is no product misrepresentation or substitution.
2. The Audit objectives are accomplished utilizing the expertise of the USDA AMS Meat, Poultry and Processed Products Graders, USDC National Marine Fisheries Services and DSCP-FT Quality Assurance personnel. Representatives from the above agencies form the DSCP Worldwide Food Audit Team.
3. For each Prime Vendor it is expected that an audit would be conducted once per contract year. This includes the base year(s) of the contract, plus any and all option-years in which the government's option is exercised. The Audits are conducted in a seminar setting with participation from you and your suppliers. The average cost of a Food Audit is approximately \$9,500.00. As a Prime Vendor you will be expected to provide samples of the government's choice up to a dollar value ceiling of \$9,500.00. Any expense for the sampled product above these ceilings may be billed to the Government under your contract.

(b) Audit Process

1. During the Audit, the DSCP Quality Assurance Representative will assign an item rating based on compliance with or departure from stated requirements as specified in the DSCP NSN/LSN stock catalog. This includes, but is not limited to, adherence to the Berry Amendment and approved source requirements. Deviations from the contract or stock number requirements will be color code-classified based on the severity of departure from requirements as follows:

**GREEN = Acceptable** - no departures from the contract or the item description stock number requirements.

**YELLOW = Needs Work** to be fully acceptable - these minor departures from requirements have some impact on the usability of the item for the food service requirements however, can be tolerated by the services for short period of time, not more than 30 days. (Some examples: are cataloging issues, **minor** - workmanship, weight issues, packaging issues, marking issues or labeling issues that would not necessitate a regulatory market suspension.)

**BLUE = STOP - Supply To Other Programs or use Undesirable** - are deviations from contract or stock number requirements that materially affect, or are likely to materially affect the acceptability or serviceability, condition, or continued storage of an item for further use. Product is not desirable for DOD customer food service application. (Some Examples: Domestic Source Violations, Regulatory Violations, Approved Source Violations, Wrong Item, Grade Failures or Mismatch, Expiration Date or Shelf Life, Major Workmanship or Fabrication Violations, Gross Weight Violations, Major Portion Control Violations, Labeling, Packaging Packing Violations)

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

**RED = CONDITION STOP issue to DOD customers immediately (Recall Product) -** issues that materially affect or are likely to affect the serviceability or continued storage of an item for further use. (Some Examples: products that exhibit off condition, decomposition, freezer burn, dehydration or otherwise render an item not suitable for consumption or continued storage)

2. Prime Vendors will be given a detailed report on each product reviewed. It will be the Prime Vendor's responsibility to take immediate action to correct any deficiency uncovered during the audit to include item corrective action, as well as corrective action to the system that caused the deficiency to occur.

(c) Follow-up Audits

1. Follow up audits may be scheduled within a one-year period of the initial audit, based on the recommendation of the evaluators of the Basic Audit. If a follow up is required due to observation and/or outcome of the initial audit all samples are to be at the expense of the Prime Vendor. Non-routine follow up audits may be scheduled if several items do not meet the government's requirements as presented in the catalog descriptions.

(d) Audit Results

1. The audit results are performance indicators that will be used in conjunction with a firm's past performance. DSCP considers that 85% acceptability for each category (Meats, Poultry, Seafood, and Processed Products) is the minimum standard for acceptable performance.

**X. HAZARD ANALYSIS CRITICAL CONTROL POINT (HACCP) PROGRAM**

- A. HACCP is a system of preventative controls and scientific testing designed to improve the safety of products from "farm to table". Food and Drug Administration (FDA) and Food Safety and Inspection Service (FSIS) HACCP regulations require industry to verify the effectiveness of its operations by continuous monitoring of the controls established, end item product testing, and careful record keeping of the complete HACCP system. The regulatory agency responsible for designing and enforcing its agency's food safety programs will review each plant's records and conduct other in-plant inspection activities to verify that proper food safety procedures are being followed in accordance with the establishment's HACCP plan. The HACCP-based system requires a commitment by establishments to consistently control operations in the interest of public health.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

**B. USDA-FSIS HACCP Regulation/Requirements:**

1. Sanitation Standard Operating Procedure (SSOP): All plants
2. HACCP Plans:
  - i. Large establishments (500 or more employees)
  - ii. Small establishments (more than 10 employees but less than 500)
  - iii. Very small establishments (less than 10 employees or annual sales of less than \$2.5 million).

- C. The FDA HACCP Regulation requires all seafood companies in the U.S. and importers of seafood products into the U.S. to be currently operating under a HACCP-based program.

**XI. JUICE AND DRINK DISPENSERS**

- A. When requested, the contractor is required to furnish beverage dispensing machines, without additional charge to the government as well as the beverage products as listed in the STORES Vendor Item Catalog. The upkeep of the machines consisting of, but not limited to, labor, transportation, and supplies required to repair and maintain the equipment, shall be the sole responsibility of the contractor.
- B. The contractor shall furnish mechanically refrigerated dispensing machines and heads suitable for use with the contractor's bag-in-the-box juices and drinks. A sufficient number of machines and dispensing heads shall be installed in the customer's facility to accommodate the specific needs of each ordering activity. The contractor will provide a technically qualified service representative to perform maintenance and quality control inspections, as required and upon notice of the customer of a problem on each dispensing system.
- C. Any equipment or material furnished by the Prime Vendor shall remain the property of the vendor and will be returned to the vendor at the conclusion of the contract in the same condition in which it was received, fair wear and tear excepted. Any concerns of excessive "wear and tear", as noticed during routine maintenance and/or customer problem notification shall be immediately be brought to the attention of the Contracting Officer for further investigation.

**XII. BRAND NAME ITEMS**

- A. Based on the ordering habits of the customers listed in the solicitation, the current STORES catalog includes numerous Brand Name items. These are items that the customers have expressed a preference for and have been added to the catalog at the customer's request.
- B. In an effort to enhance the commercial aspects of the Prime vendor Program, some items contained in this solicitation's Market basket are Brand Name items.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- C. Offerors are required to submit pricing and technical descriptions for the specific Brand Name item listed in the item description, if applicable.

**PACKAGING AND MARKING**

**I. PACKAGING, PACKING, AND LABELING**

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. Semi-perishable items shall be snugly packed in shipping containers that fully comply with the National Motor Freight Classification and Uniform Freight Classification Code, as applicable.
- C. All meats, poultry, and seafood will be vacuum packed when practicable. In all instances the packaging must protect the product from freezer burn and contamination.
- D. All fresh poultry items will be packed in ice packed cartons or gas-flush cartons.
- E. All fresh seafood items will be packed in ice packed cartons.
- F. Frozen product must be processed and packed to allow removal of the individual units from the container without damage to that or other units. The intent is to be able to remove only that amount of product required for current needs, without the necessity of defrosting all units.
- G. The Child Nutrition Centers require that the CN (Child Nutrition) Label is on the outside of each of the cases ordered, to meet USDA standards.

**II. MARKINGS**

- A. To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as “KEEP FROZEN”, “KEEP REFRIGERATED”, etc. shall be used on all cases when appropriate.
- B. To the maximum extent possible, nutritional and ingredient labels shall be placed on the individual package.
- C. For Land Based customers: All food and beverage products shall be identified with readable (open code dates), or coded dates. For both perishable and semi-perishable products, open dating is preferred, but code dating is acceptable. Prime Vendors that do

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

not use open dating shall provide a product code number key to the Acquisition Specialist, DSCP Product Services Office, and each customer facility no later than three (3) months after the award of the contract.

- D. Any delivered product not labeled with the name and address of the manufacturing establishment must be identified as to its manufacturer by “timely” advance written notice to each installation’s officer in charge of food service (e.g. Installation Food Advisor (IFA)). The listing is requested in alphabetical order in respect to the shipping container nomenclature. This listing must be kept current and provided to each Installation’s Food Advisor, Food Service Officer, or FSC on a quarterly basis.

**INSPECTION AND ACCEPTANCE**

**I. INSPECTION AND ACCEPTANCE**

- A. Inspection and acceptance of products will be performed at destination. The inspection is normally limited to identify, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Dining Facility Manager, Food Service Advisor/Officer, or the Contracting Officer.
- B. All deliveries are subject to military veterinary inspection. In addition, the delivery vehicles will be inspected for cleanliness and condition.
- C. The authorized receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized receiving official’s signature on the delivery ticket denotes acceptance of the product.
- D. The contractor shall forward three (3) copies of the delivery ticket with the shipment. The receiving official will use the delivery ticket as the receipt document. Two (2) copies of the signed and annotated delivery ticket will serve as the acceptance document. No invoice may be submitted for payment until acceptance is verified.

**II. WARRANTIES**

- A. The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties that the contractor or its suppliers, as applicable, gives to any customer. The warranty rights and remedies provided therein are in addition to, and do not limit, any rights afforded to the Government by Clause 52.212-4(o) “Warranty”, “Contract Terms and Conditions-Commercial Items” contained in the solicitation.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

**III. ACCEPTANCE REQUIREMENTS FOR FROZEN ITEMS**

- A. In order for frozen items to be accepted by the receiving activity, the following criteria must be observed:
- a. Packages must be solid, not soft, upon arrival;
  - b. Container and wrapping must be intact and in a solid condition;
  - c. Packages must be free of drip and show no evidence of thawing and re-freezing (i.e. watermarks on boxes; off odor) or dehydration.
  - d. Cello wrapped packages will not be discolored or show other signs of freezer burn.

**IV. REJECTION PROCEDURES**

- A. If product is determined to be defective, damaged, and/or compromised in any other manner, it may be rejected by the receiving official.
- B. When product is found to be non-conforming or damaged, or otherwise suspect, the Veterinary Inspector shall notify the responsible Food Service Officer. The Food Service Officer shall inspect and determine the course of action to be taken with the product in question. If present, the contractor representative may be consulted. The final decision is to be made by the Food Service Officer and/or his/her representative.
- C. In the event an item is rejected, the delivery ticket/invoice shall be annotated as to the item(s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. To the greatest extent possible, on an as-needed, emergency basis, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, CLIN number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency requirement and therefore will have no additional charges.
- D. In the event that a product is rejected after initial delivery is made, the Prime Vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. If the vendor has already been paid for the product, a claim will be issued through DSCP's financial system and the Prime Vendor shall promptly pay the claimed amount. In all cases, one (1) copy of the credit memo is to be given to the customer and one (1) copy of the credit memo is to be sent to the DSCP Acquisition Specialist.
1. If a customer requires a one-to-one replacement, no additional paperwork is necessary. The vendor delivery ticket/invoice will show that product is a replacement for rejected item. The invoice shall reference the call number, CLIN number, and purchase order number of the originally ordered product.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- E. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- F. Supplies transported in vehicles which are not sanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection.

**DELIVERIES AND PERFORMANCE**

**I. TERMS OF INDEFINITE QUANTITY CONTRACT**

- A. The duration of the contract (s) is for a two (2) year base term, after the completion of the start up period, with an 18-month term Option 1, a 12-month term Option 2 and an 18-month term Option 3. The ordering period begins the day after the end of start up period.
- B. The contractor's start up period is defined as the timeframe which begins immediately after award and ends as the first order is place. The Prime Vendor shall submit a proposed implementation schedule to the Contracting Officer within ten (10) days after award highlighting the steps that will be taken to implement a fully functional distribution account, including all EDI transactions (and testing), for all customers covered by this solicitation. An additional 30 days, will be granted for actual implementation. The total days allotted for the preparation and submission of the implementation plan, and the implementation (i.e. fully functional distribution accounts in place for all customers) shall not exceed forty (40) days.
- C. Price changes to the contract catalog will be made in accordance with the Subsistence EPA – Actual Cost of Materials Clause, as specified in this solicitation.

**II. ITEM AVAILABILITY**

- A. Items must be stocked in sufficient quantities to fill all ordering activity requirements. It is critical that items ordered be routinely delivered on a “skip day” basis, at a minimum.

**III. DELIVERY INSTRUCTIONS**

- A. Deliveries shall be F.O.B. destination to all ordering activities and delivery points. All items will be delivered to customer locations, free of damage, with all packaging and packing intact. The contractor shall remove all excess pallets used for delivery from the CONUS customer's location. No pallet exchange programs will be available for the customers listed in this solicitation. Deliveries shall be scheduled according to the customer's timetable as listed below.
- B. Installation delivery routes and stop-off sequence will be coordinated and verified with the installations on a post award basis by the awardee(s).

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- C. All deliveries are subject to military inspection at destination. Delivery vehicles may be required to stop at a central location for inspection before proceeding to the assigned delivery point(s). Additionally, upon completing the delivery (or deliveries) and before the carrier leaves the installation, copies of the invoices may be required to be delivered to a central "Accounting Office" activity on the installation after all drops have been made and prior to the carrier's departure from the installation.
- D. Specific delivery point information is provided below. Some installations have more than one delivery point. Pertinent information has been included to explain specific customer delivery requirements, point of contact and instructions.
- E. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point. The intent is to provide expeditious off-loading and delivery to the customer.
- F. The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.
- G. Delivery Points: - Arkansas

**IV. FILL RATE/SUBSTITUTIONS**

- A. Order fill rates shall be calculated on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Acquisition Specialist. The fill rate shall be calculated as follows and shall not include substitutions, mis-picks, damaged cases, etc.:

$$(Cases\ accepted/cases\ ordered) \times 100 = Fill\ Rate\ \%$$

- B. Definitions:

- 1. Cases accepted: The product that the customer has received and receipted not including damaged cases, mis-picks, and product substitutions.
- 2. Cases ordered: The product requested by a customer.

- C. The contractor will submit a monthly report by customer to the DSCP Contracting Officer with the following information:

- 1. Fill rate with and without substitutions.
- 2. List of all items that were not-in-stock (NIS), returned, damaged, mis-picks, substitutions, etc.

- D. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

**V. HOLIDAYS**

- A. All orders are to be delivered on the specified delivery date, except for Federal holidays, as outlined below. When a scheduled delivery day falls on one of these days, or one designated by your firm, delivery should occur on the next business day, unless otherwise agreed to by the customer,

New Year's Day	Labor Day
Martin Luther King's Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Note: Saturday holidays are celebrated the preceding Friday; Sunday holidays are celebrated on the following Monday.

- B. Holidays celebrated by your firm, other than those specified above, must be listed below. Also specify your policy for celebrating holidays that fall on the weekend.

**VI. SURGE/MOBILIZATION****A. Definitions for Surge/Mobilization:**

1. **Surge:** The capability to handle a large increase in case volume for short periods of time with very little lead-time may be required at various times throughout the term of the contract. Services may experience unscheduled arrival of troops, with only a few hours of notice, as part of normal operations, where the order requirements could more than double from their normal usage on a given days notice. The timing of these types of surges will be impossible to anticipate.
2. **Mobilization:** The capability to handle full-scale military mobilization or national emergency where-in consumption could easily double or triple the case requirements at any site for a protracted period must also be provided for. The offeror must develop a readiness plan outlining how they would meet this increased workload by, for example using additional suppliers, subcontractors, etc.

**B. Readiness Plan:**

The Government reserves the right to test the Prime Vendor's Readiness Plan.

**C. Pricing Constraints and Delivery to Deployed Forces:**

When a customer within one of the resultant contracts has a unit deploy to an area outside their normal delivery point their current Prime Vendor will be given the opportunity to supply the unit's requirements at their temporary mission site, should, they, the customer choose. However, if the current vendor cannot perform this function at no additional cost, or the vendor does not wish to accept this mission, the requirements will be turned over to the Prime Vendor supporting the customers in the geographic zone in which training will occur. Pricing constraints for items furnished in this fashion shall be the same as those for routine, non-surge and non-mobilization orders.

**VII. EMERGENCY ORDERS**

- A. All emergency orders for supplies must be same day service. Expeditious fulfillment of the emergency requirement is imperative. The Prime Vendor is responsible for providing the ordering facilities with the name of the contractor representative responsible for notification of receipt and handling of such emergency service and his/her phone number and/or pager number. The offeror is required to submit their plan for handling emergency orders; as well as what they actually consider an emergency, and additional costs, if any.

**VIII. AUTHORIZED RETURNS**

- A. The contractor shall accept returns under the following conditions:
1. Products shipped in error;
  2. Products damaged in shipment;
  3. Products with concealed or latent damage;
  4. Products that are recalled;
  5. Products that do not meet shelf life requirements;
  6. Products that do not meet the minimum quality requirements as defined for the items listed in the Schedule;
  7. Products delivered in unsanitary delivery vehicles;
  8. Products delivered that fail to meet the minimum/maximum specified temperature;
  9. Quantity excess as a result of order input error/and or purchase ratio factor error; and
  10. Any other condition not specified above that is determined a valid reason for return by the customer.

**IX. SHORT SHIPMENTS AND SHIPPING ERRORS**

- A. The receiving official will annotate short shipment(s) on the delivery ticket/invoice(s) that accompany the delivery.
- B. Any product delivered in error by the distributor must be picked up on the next delivery day after notification by the ordering facility.

**CONTRACT ADMINISTRATION DATA****I. CONTRACTING AUTHORITY**

- A. The DSCP Contracting Officer is the only person authorized to approve changes, or modify any requirement of the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DSCP Contracting Officer.
- B. In the event the vendor effects any change at the direction of any person other than the DSCP Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made. The Contracting Officer must authorize any modification or costs associated with a change.
- C. Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DSCP Contracting Officer.

**II. INVOICING**

- A. Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the delivery ticket/invoice, keep one (1) copy and return original copy to the vendor. **Any changes must be made on the face of the invoice; attachments are not acceptable.**
- B. All invoicing for payment is to be filed electronically using EDI transaction set 810 (Attachment 4) No paper invoices shall be submitted to DFAS for payment. **All invoices submitted by Prime Vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to submission.**
- C. **Invoice transactions may be submitted to DSCP daily; however, it cannot be stressed enough that all internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.
- D. The same invoice cannot be submitted with different dollar amounts.
- E. Vendors will be required to submit test 810 transactions sets 30 days prior to the first order.
- F. Invoices may not be submitted as "LIVE DATA" until a test transaction set has been cleared.
- G. **For catch weight items, standard rounding methods must be observed, i.e. <5: rounded down; =5 or >5: rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor.
- H. Unit prices and extended prices must be formatted not more than two (2) decimal places to the right of the decimal point. STORES will not accommodate positions of 3 and above beyond the decimal point.
- I. The following address must appear in the "Bill To" or "Payment Will Be Made By" block of the contractor's invoice:

DFAS – Columbus Center  
Attn: DFAS – BVDP (SL4701-BSM)  
PO Box 369031

- J. Each invoice shall contain sufficient data for billing purposes. This includes, but is not limited to:
1. Contract Number, Call or Delivery Order Number, and Purchase Order Number;
  2. DoDAAC;
  3. Contract line listed in numeric sequence (also referred to as CLIN order);
  4. Item nomenclature
  5. LSN or NSN;
  6. Quantity purchased per item in DSCP's unit of issue;
  7. Clearly identified changes and annotations on all copies;
  8. Clean invoices must be submitted; and
  9. Total dollar value on each invoice (reflecting changes to the shipment, if applicable).
- K. Vendors are required to use the Reconciliation Tool to identify and correct mismatches between invoices submitted and customers posted receipts. It is the responsibility of the Prime Vendor to adjust as necessary and communicate with the customer or DSCP as needed, in order to resolve any/all discrepancies.

### III. PAYMENTS

- A. DFAS Columbus Center is the payment office for this acquisition.
- B. Payment of delivery orders will be made in accordance with the terms and conditions of Paragraph (i) of Clause 52.212-4 "Contract Term and Conditions – Commercial items", appearing in the section of this solicitation entitled "Contract Clauses".
- C. Payment is subject to the terms and conditions of the Prompt Payment Act (31 U.S.C. 3903). All 810 electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.
- D. All offerors must have the ability to accept an 820 transaction set from its financial institution. DFAS Columbus will no longer forward a detailed summary of payment(s); this information will only be available from your bank.
- E. Vendor Reconciliation Tool: In an effort to improve the payment process, vendors will have availability to view what the customer has or has not receipted, via the BSM website [https://131.82.243.43/recon\\_tool/Login.asp](https://131.82.243.43/recon_tool/Login.asp). The Prime Vendor will have access to "unreconciled" information, i.e. the invoice does not match the receipt because of a quantity or price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the BSM website by the Prime Vendor. While the vendor will not have the capability to update customer receipt information, update capability will be available for unreconciled invoice information for approximately 30 days.
- F. The Government intends to make payments under the resultant contract by electronic funds transfer (EFT). Reference Clause 52.232-33, "Mandatory Information for Electronic Funds Transfer Payment" appearing in the section of this solicitation entitled

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

“Contract Clauses”. However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

#### **IV. ADMINISTRATION**

- A. The DSCP Prime Vendor Supplier Operations Office will perform administration of the contract.
- B. A designated representative at the ordering activity will perform administration of the individual delivery order. This includes approving product substitutions and delivery changes.
- C. The DSCP Contracting Officer must approve any changes to the contract.

#### **SPECIAL CONTRACT REQUIREMENTS**

##### **I. NOTICE TO OFFERORS**

- A. Prospective offerors are hereby advised that although there is a guaranteed minimum on this contract, DSCP cannot guarantee that any or all of the customers will order all of their subsistence and related non-food requirements from the successful Prime Vendor. Once the guaranteed minimum has been met, customers may or may not choose to continue ordering from the contract. To a large extent, their decision to continue ordering will be based on the performance of the Prime Vendor.

##### **II. MANAGEMENT REPORTS**

- A. The contractor shall electronically transmit the following reports to the DSCP Contracting Officer and Acquisition Specialist on a monthly basis. All reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month, e.g., reporting period of January 1<sup>st</sup> through January 31<sup>st</sup> – the reports are due February 7<sup>th</sup>.
  - 1. Descending Dollar Value Report: Sorted by line item; each line to contain at a minimum the DSCP stock number, item description, pack or size, brand description, quantity, and total dollar value of units shipped. Dollar amounts will be totaled. This report shall be submitted by individual customer accounts AND also by the total customer base in each zone.
  - 2. Small Business Subcontracting Report:
    - i. This report should list all products manufactured and/or supplied by small business, small disadvantaged business, minority owned small business, National Institute for the Blind/National Institute for the Severely Handicapped (NIB/NISH), women-owned small business, women owned small disadvantaged business, HUB Zone small business, veteran owned small business, service disabled veteran owned small

- business, and JWOD. This should be sorted by manufacturer/supplier and include quantity and dollar value and should be sorted by the applicable business size category of the manufacturer/supplier. NIB/NISH firms are not to be categorized under Small Disadvantaged Business as they are non-profit organizations and should be considered their own separate category. Note: This report is for direct subcontracts for products supplied to customers. This report is not to include direct costs. SBA must certify SDB and HUB Zone businesses.
- ii. A summary page of the report shall also be submitted which highlights the total dollars and percentages for each category. This information is very important since DSCP is required to report its success in meeting these goals for the Defense Logistics Agency (DLA). Also requested, but not required since DLA does not mandate that these goals be reported, is a listing of products supplied and/or manufactured by UNICOR, Labor Surplus Areas, Historically Black Colleges or Universities and Minority Institutions.
  - iii. Javits-Wagner-O'Day (JWOD): This report must list all products supplied by JWOD firms. Total dollars and percentages should be highlighted within the Socioeconomic Report. Progress reports regarding these subcontracting efforts relative to JWOD entities are also required.
3. Product Line Manufacturer/Supplier Listing: This report shall list all items purchased along with quantity and dollar value. It shall be sorted by Manufacturer/Supplier and annotate whether the manufacturer/supplier is a large business, or small business. All small businesses are to be broken in the subcategories as listed above.
  4. Fill Rate Report: The fill rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. Mis-picks and damaged cases should not be included in this calculation. This report should reflect the fill rates with and without substitutions. The report should specify fill rates per customer and an overall average fill rate for all customers under the contract for the month being reported.
  5. Customer Service Report: The Prime Vendor shall develop and provide a report summarizing all discrepancies, complaints and all positive feedback from ordering activities and the respective resolutions by providing a summary from customer visits.
  6. Rebate Reports:
    - a. General Rebates: All rebates that have been passed along to the customer via off-price reductions, or that are due to the customers, shall be summarized by listing each customer and the rebate amount. Also include the manufacturer offering the rebate and the product usage. The total should be per customer and per contract.
    - b. Food Show Rebates: This report should show a detailed break out of all savings received at Food Shows. This report is not a monthly requirement, but is based on the timing of the Food Show and should be received by the Contracting Officer no later than two weeks after

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

the end of the special pricing period. List each customer, the Food Show amount, the manufacturer/broker name, and quantity ordered. Food Show rebates should be listed per customer, per contract, and per manufacturer. The total should be per customer and per contract.

7. Financial Status Report: In order to ensure timely payments, a summarized accounts receivable and/or a “days of outstanding sales” shall be submitted on a monthly basis. The report should be categorized by time periods, and sorted further by customer. If problems should occur, a detailed listing by invoice number/purchase order number/call number will be requested. However, it is suggested that this report contain as much information as possible to alleviate problems immediately.

### **III. CATALOG ORDER GUIDE**

- A. The contractor shall provide a catalog order guide, with descriptions and pack sizes, to each of the customers serviced under this contract. At a minimum, the order guide should list the DSCP Stock Number, DSCP Unit of Issue, the contractor’s part number, and the brand of each item.

**FAR 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (SEP 2006)**

As prescribed in 12.301(b)(1), insert the following provision:

INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS  
(SEPT 2006)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) “Remit to” address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(k) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any

**PRIME VENDOR SUPPORT

time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to—

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) *Data Universal Numbering System (DUNS) Number.* (Applies to all offers exceeding \$3,000, and offers of \$3,000 or less if the solicitation requires the Contractor to be registered in the Central Contractor Registration (CCR) database.) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS+4" followed by the DUNS or DUNS+4 number that identifies the offeror's name and address. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same parent concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://www.dnb.com>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number.

(k) *Central Contractor Registration.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

(l) *Debriefing.* If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award;

(5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

<b><u>ADDENDUM TO FAR 52.212-1</u></b>
--

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers, is expanded as follows:

Faxed offers are NOT authorized for this solicitation.

Proposal Preparation

(i) Two (2) different techniques shall be utilized when submitting your proposal – an Oral Presentation and a written proposal. Except where otherwise noted, the Technical Proposal shall be orally presented in accordance with the instructions outlined in the “Instructions, Conditions and Notices to Offerors”. The Business Proposal must be submitted in writing. The Technical Proposal information required to be submitted in writing must be prepared separately and shall not be combined with the Business Proposal. Proposals that do not provide the required information in the prescribed format may be excluded from further consideration.

<u>VOLUME</u>	<u>VOLUME TITLE</u>	<u>NO. OF COPIES</u>	<u>ALLOWABLE TIME LIMIT</u>
I	Technical (Oral)	6 sets of Briefing Charts*	3-4 Hours**
I	Technical (Written)	6	N/A
II	Business	2	N/A

\*Include any presentation materials to be used (i.e., slides, videos, etc.).

\*\*Refer to Submission Requirements for specific limitations.

(ii) Evaluations for each volume of the proposal will be performed exclusive of one another. Therefore, the Technical Proposal shall contain no reference to cost or pricing data. Conversely, the Business Proposal should not address information requested under an element listed as a technical factor. Cost and price information shall only be contained in Volume II, Business Proposal. Each volume shall be bound separately and labeled appropriately.

(iii) Volume I, Technical Proposal

The following applies to both the written portion of the Technical Proposal as well as the Oral Presentation (See Submission Requirements, Technical Proposal, Volume I)

(A) The technical proposal must demonstrate the offeror’s ability to meet the Government’s requirements as set forth in the solicitation. Failure to provide information as requested in any of the technical factors identified in the solicitation section entitled Submission Requirements may be considered a “no response” and may result in a deficiency finding and warrant an “Unsatisfactory” rating for the applicable factor, sub factor, element or sub-element.

(B) Proposals that are unrealistic in terms of technical or schedule commitments, or unrealistically low in price, will be considered indicative of a lack of understanding of the solicitation requirements.

(C) Firms should prepare proposals and address elements in the same order as presented in the solicitation section entitled Technical Proposal Evaluation Criteria to facilitate

the Government's review and evaluation of your proposal. Continuation sheets shall clearly identify the solicitation number and the offeror's name on each page.

(D) To be considered acceptable, the technical proposal must provide, at a minimum, the information requested in the section entitled Submission Requirements.

(iv) Volume II, Business Proposal

(A) The offeror is required to furnish limited pricing information as outlined in the solicitation section entitled Submission Requirements.

(B) To be acceptable, the firm's business proposal must be complete, realistic, and reasonable.

(v) Unless otherwise stated, the technical proposal and business proposal must both be submitted by the date and time specified for the receipt of proposals on page 3 of the solicitation, or as amended, if applicable.

(vi) A SIGNED and COMPLETED SOLICITATION must accompany the technical and business proposals in its entirety, as well as any amendments, if applicable. Make sure all clauses that require a response are completed. Offerors may retain the attachment entitled "EDI Guidelines for Subsistence Prime Vendor" for future reference.

2. Paragraph (c), Period for Acceptance of Offers.  
Period of acceptance is 180 days.

3. Paragraph (f), LATE offers is changed to read as follows:  
Late proposals and revisions. Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and:

It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after the receipt at the Government installation.

It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals.

There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or

It is the only proposal received.

Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions indicated above.

Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

Proposals may be withdrawn by written notice (including facsimile) received at any time before award.

4. Paragraph (h), *Multiple Awards*.

The Government intends to make one award per zone.

<b><u>ADDENDUM TO FAR 52.212-1</u> <u>INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFEROR</u></b>
---

**I. GENERAL INFORMATION**

A. The Government is committed to utilizing the Trade-Off Process as a means of selecting the most qualified vendor to support the needs of the customers listed in this solicitation while assessing acquisition procedures, quality assurance practices, and reasonable pricing, as well as other factors.

1. Two (2) different techniques will be utilized when submitting your Technical Proposal, an Oral Presentation and a Written Proposal. Except where otherwise noted, the Technical Proposal shall be orally presented in accordance with the instructions outlined in these “Instructions, Conditions, and Notices to Offeror”. The Business Proposal must be submitted in writing. The Technical Proposal information required to be submitted in writing must be prepared separately in the quantities shown below and shall not be combined with the Business Proposal.

2. Evaluations for each volume of the proposal will be performed exclusive of one another. Therefore, the Technical Proposal shall contain no reference to cost or pricing data. Conversely, the Business Proposal should not address information requested under an element listed as a technical factor. Cost and Pricing information shall only be contained in Volume II, Business Proposal. Each volume shall be bound separately and labeled accordingly.
  
- B. Proposals will be evaluated for both technical excellence and price reasonableness in accordance with the evaluation criteria outlined in the “Evaluation Factors for Award” section of this solicitation. Technical factors listed in this solicitation are considered to be more important than price (business) factors. However, as proposals become more equal in their technical merit, the evaluated price becomes more important. The offeror must clearly demonstrate its capability to support the customers’ requirements in the most efficient, cost-effective manner. Proposals will be evaluated in accordance with the factors listed in the solicitation. The rating methodology will be adjectival, i.e. **Exceptional, Very Good, Satisfactory, Marginal, or Unsatisfactory**. A **Neutral** rating for Past Performance may also be used.
  
- C. In order to receive full consideration, firms are encouraged to ensure that the information provided in the Technical Proposal is factual and complete. To ensure that an accurate evaluation of the proposal is made, **please address the factors in the order in which they appear in the solicitation.** Failure to do so may result in the Technical Evaluation Panel overlooking important information.
  
- D. All plans submitted as part of the offeror’s Technical Proposal are to be followed during contract performance. The Government reserves the right to incorporate into the resultant contract(s) those elements of an offeror’s Technical Proposal that exceed solicitation requirements, as well as all Implementation and general Business Plans. The Business Proposal “Market Basket Schedule of Items” delivered prices are used for evaluation purposes; but, the market basket items will also become part of the catalog. Final negotiated prices shall become the baseline catalog prices at the start of the contract and shall be reflective of these prices at the time of first order. These prices should not dramatically change for orders placed early in the contract unless documented market conditions arise.
  
- E. Offerors may provide additional technical information that will enhance the proposal; however, overly elaborate proposals that contain information not pertinent to this acquisition are not desired. **Failure to provide the information requested may render the proposal unacceptable and may lead to a rejection of the offer.**
  
- F. The Government reserves the right to verify any information presented in the Technical and Business Proposals. Site visits to assess the accuracy of the information provided in an offeror’s proposal will be conducted during the evaluation process.

## II. ORAL PRESENTATIONS AND SITE VISITS

- A. An Oral Presentation is a technique that provides offerors with an opportunity to present information through oral means as a substitute for information traditionally provided in written form under the cover of the offeror's proposal. The Oral Presentation is not a mere restatement or replication of the written proposal information but is in lieu of it. The purpose of using the Oral Presentation technique is to eliminate, or greatly reduce, the need for written material, where information can be conveyed in a more meaningful and efficient way through verbal means. One of the benefits of the Oral Presentations is that it permits the evaluators to receive information demonstrating the offeror's understanding of the work or describing how the work will be performed, directly from the key members of the offeror's team that will actually perform the work. The Oral Presentation should demonstrate the offeror's understanding of the work to be performed and should describe how the work will be performed.
- B. The purpose of a site visit is to view the offeror's facility(ies) and business operations to verify what is presented in the Technical Proposal (Oral Presentation and Written Technical Portion). Site visits will be conducted after all Oral Presentations have been completed. You will be notified of the date of your site visit(s) approximately two days prior to the actual visit.

Note: The Technical Evaluation Panel may take pictures during the site visit. The offeror will refrain from the use of picture taking while the site visit is being conducted.

- C. Instructions for Oral Presentations:
1. A portion of the Technical Proposal will be submitted to the Technical Evaluation Panel (TEP) via an Oral Presentation. The Oral Presentation will be conducted at the Defense Supply Center Philadelphia (DSCP) or at the site of the offeror. The date and place of the Oral Presentation will be confirmed in writing seven (7) working days after solicitation closing. It is anticipated that the first Oral Presentation will be scheduled to take place approximately seven (7) to fourteen (14) days after solicitation closing.
  2. The Oral Presentation is to be made only by key members of the offeror's company, including any partner(s) whom will be directly involved in the successful performance of the resultant contract(s). The names and titles of presenters must be included in the written proposal. If the offeror fails to indicate in its offer the names of those people who will be presenting at the Oral Presentation, then the presenter will be restricted to the individual who signed the proposal.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-1 (CONTINUED)</b>
---

3. All Oral Presentations will be recorded on a VHS-format videotape. A copy of the videotape will be made available to the offeror, if requested. It should be noted that the awardee's Oral Presentation videotape may be used for future training sessions. Offerors will be allotted no more than three (3) hours to present information, as specified below, on the following technical factors:
  - a. Experience/Past Performance
  - b. Distribution System/Capacity
  - c. Quality Assurance
  - d. Socioeconomic Considerations
  - e. Javits-Wagner-O'Day Act Entity Support
  - f. DLA Mentoring Business Agreement
4. It should also be noted that the DSCP Technical Evaluation Panel (TEP) may audiotape the presentation for its immediate reference, in addition to the videotaping.
5. Offerors will be allotted no more than three (3) hours to present information. It should be noted that there will only be one (1) Oral Presentation per submission, i.e. if there is any type of joint venture or partnership, only one (1) Oral Presentation at the three (3) hour limit will be permitted. If a firm is submitting a proposal for more than one zone, only one (1) Oral Presentation is required and acceptable. However, a firm will receive an additional 30 minutes for each/any other zone being offered on. Therefore, if a firm is offering on one zone, the Oral Presentation is limited to three (3) hours; two zones- three and one-half hours; three zones- four hours. Any/all information must be clearly identified as to which zone it applies to.
6. The TEP will NOT ask any questions during the presentation, nor will any questions from the presenters be allowed. There will be a break of approximately 20 minutes at the end of the first 1½ to 2 hours, then a 30-60 minute break at the end of the presentation. The Question and Answer period will immediately follow the Oral Presentation; this portion will also be videotaped. During the Question and Answer period, the TEP will ask for any clarifications to the offeror's presentation. The offeror will not be permitted to ask questions of the panel other than to elicit a better understanding of the TEP's question(s). The Oral Presentation, or the Question and Answer session, will not constitute discussions as defined in FAR 15.306(d). DSCP reserves the right to award without discussions.
7. The order in which Oral Presentations occur will be randomly selected, by lottery. Within two (2) days after the closing of the solicitation, offerors will be notified of the date when presentations are to be conducted. Once the date for the Oral Presentation is set, requests for changes will not be entertained. Offerors are reminded to specify in writing what dates would not be allowable for an Oral Presentation. The Oral Presentation dates will begin approximately seven (7) to fourteen (14) days after solicitation closing. Oral Presentations may or may not be scheduled for consecutive days.

8. The briefing charts to be used during the Oral Presentation will become part of the official record and must be submitted by the date and time specified for the receipt of proposals. Briefing charts received after this date and time are subject to provisions of FAR 52.212-1(f). If briefing charts are not submitted by the date and time specified for closing, then the firm waives the right to use any charts during its Oral Presentation. **NO HANDOUTS WILL BE ACCEPTED DURING THE ORAL PRESENTATION.** The briefing charts may not be altered between the time of the closing and the Oral Presentation. Any changes to the briefing charts may result in a score of “Unsatisfactory” for the factor to which the chart applied.
9. Offerors are reminded that they should not develop overly elaborate Oral Presentations or presentation materials, including briefing charts.
10. No pricing information shall be included in the Oral Presentation.
11. The offeror shall use the Oral Presentation as a means to communicate its understanding, approach, and experience in accomplishing requirements similar to those stated in the solicitation.
12. Oral Presentations will begin approximately at 9:00 AM. If the offeror has not completed its presentation within 15 minutes prior to the required ending time, a warning will be given. At the end of the applicable time limit, the offeror will be instructed to end its presentation and the recording equipment will be turned off. Any briefing charts that have not been presented within the allowable timeframe will not be considered as part of the proposal and will not be evaluated.
13. DSCP will make available for the Oral Presentations an overhead projector, screen, monitor, and VCR. Any additional audiovisual equipment that is required is the responsibility of the presenters. The offerors shall indicate in its proposal what equipment is needed for its Oral Presentation.
14. If technical difficulties are encountered during the taping of the Oral Presentation, or if it is discovered subsequent to the presentation that a technical difficulty occurred, the affected offeror(s) will be notified. However, the Government reserves the right to view the remaining videotapes during the evaluation process.
15. Any portion of the Technical Proposal that has been submitted in writing, but not listed in paragraph 18 below as being required in writing, must still be addressed in the Oral Presentation. Information pertaining to the Technical Proposal that is received in writing, but not required to be submitted in writing will not be evaluated unless it is orally presented.
16. At the time of the closing of offers, the offeror shall submit detailed directions/maps to its facility from the closest major airport. The information will be used for future site visits. If the offeror will be utilizing warehouses/facilities that are in addition to, or separate from its primary place of business, then separate directions must be submitted for the additional location(s). It is also requested that Offerors send recommendations and directions for lodging convenient to the warehouse/facilities.

Note: An asterisk (\*) denotes information that must be submitted in writing as part of the Written Technical Proposal.

**I. EXPERIENCE/PAST PERFORMANCE**

Offerors that are proposing a joint venture, partnership, or a teaming approach should provide experience and past performance information for the offering joint venture, partnership, or team. You should also provide information on EACH team member of the party or the joint venture or partnership (i.e. when each of these entities acted alone or as members of other teams/joint ventures). However, the most relevant experience and past performance data, and that which will receive the most credit, is the information directly related to the offering entity. You may also provide information related to key subcontractors, parent corporations, or other affiliates that will perform essential functions of the contract.

A. \*Experience

1. Discuss the extent of experience, not at a corporate level but at an individual house level, similar to the proposed contract's requirements **for both your firm, and your partner's, if applicable**. Provide the following information:
  - a. The number of years performing in a prime vendor/regular dealer capacity;
  - b. Prime vendor/regular dealer sales dollar volume for the latest yearly reporting period;
  - c. The total number of customers currently serviced under a prime vendor/regular dealer arrangement;
  - d. The average total number of prime vendor/regular dealer orders processed in a week for your largest customer based on the latest yearly reporting period;

- e. An organizational/management chart of the firm(s) that will identify key personnel who are responsible for the day-to-day management, and overall success, of the Prime Vendor program. Please do not submit corporate charts, unless the people listed are directly involved in the proposed contract;
- f. During the Oral Presentation, identify the key personnel, or the positions of personnel to be assigned, who will be key to the day-to-day management, and overall success, of the Prime Vendor program. Discuss your key personnel's experience with Prime Vendor and/or Government contracts.

**B. \* Past Performance**

1. Provide a brief performance record of your five (5) highest dollar value contracts over the last three (3) years, PLUS any Government contracts. Offerors that have previous Government contracts must include the information listed below in paragraph 2, regardless of dollar value. Specify which contracts you consider to be the most successful and why. Include any problems that you have encountered during the performance of the respective contracts and what steps were taken to resolve the problems, along with their resolutions. The offeror should submit information regarding its socioeconomic accomplishments, Javits-Wagner-O'Day Act Entity Support and performance in carrying out Mentoring Business Agreement (MBA) proposals as part of its past performance information. Address the following for each of the contracts:
  - a. Annual Dollar Value;
  - b. Fill rate, listed monthly for the most recent 12 months of the contract, with and without substitutions;
  - c. Delivery frequency;
  - d. Length of time that the account has been serviced;
  - e. Points of contact and phone number;
  - f. Problems/resolutions;
  - g. Brief performance record.
2. If Government contracts are included, also furnish the following information:
  - a. Contracting Agency;
  - b. Contract Number;
  - c. Contracting Officer and phone number;
  - d. Socioeconomic, to include JWOD, and mentoring performance.

## II. DISTRIBUTION SYSTEM/CAPABILITY

### A. Supplier Selection Program/Acquisition Plan

\* Address your firm's Source Selection Program/Acquisition Plan. It should demonstrate the effectiveness of the program to provide a continued supply of quality products with minimal variation to product appearance, grade, yield, taste, texture, etc. The offeror's methods to ensure that standardized product quality will be maintained when products are received from various suppliers must be included. Internal audits or management audits, training, and policies and procedures for the purchasing department to ensure the integrity of the purchasing system must be addressed. Policies and procedures to assure purchase orders and subcontracts contain all flow down clauses, including terms and conditions required by the prime contract, as well as any clauses needed to carry out the requirements of the prime contract. Include an organizational and administrative structure that ensures effective and efficient procurement of required quality materials and parts at the most economical cost from responsible/reliable sources. Selection processes to ensure the most responsive and responsible sources for furnishing required quality parts and materials and to promote competitive sourcing among dependable suppliers so that purchases are reasonably priced and from sources that meet contractor quality requirements. Price or cost analysis performed with every purchasing action. Procedures to ensure that proper types of subcontracts are selected and that there are controls including oversight and surveillance of subcontracted effort.

### B. Product Availability

1. The current item catalog for the customers under this solicitation can be found under Attachment #6. The offeror must state how many of these items:
  - a. Are currently available;
  - b. Will be sourced in the future; or
  - c. Will not be sourced.
2. Discuss your firm's current product mix, i.e. national branded items vs. private label items. Also indicate how many dietary products, nutritional supplements, and individual portion items are carried in your inventory. If you state you will be able to supply all items, it is expected that any item not currently in your inventory at the time of the post award cataloging process, will be available for issue at the time of the "first order".
3. \* State the minimum case quantity/velocity that is required in order for your firm to add products requested by the customer to normal inventory. A minimum of more than 20 cases per month is not acceptable. State the time frame in which the firm will add new items to the inventory. No more than thirty (30) days is acceptable.
4. \* The offeror must provide fill rates that demonstrate the capability to meet proposed contract ordering and delivery requirements in a timely manner. The

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

---

proposed fill rates shall be stated “with and without substitutions”. Provide a detailed plan on how you intend to meet these goals.

5. Describe your product accountability program. Thoroughly discuss the procedures employed to ensure that orders are filled accurately and completely.
6. Specify the proposed hours of operation in order to meet the delivery requirements for each customer. Discuss how your firm will make deliveries within the timeframe specified.
7. Provide inventory turnover rate information for overall warehouse and rate, by categories, excluding fresh fruits and vegetables, for the last three (3) years.

**C. Force Protection**

1. \*Describe what steps your firm takes to insure that products and/or packaging have not been tampered or contaminated throughout the manufacturing, storage and delivery process. Describe in detail the types of measures in place or scheduled to be put in place for the performance period of the contract. You are to include specific security measures relating to but not limited to the following areas:
  - a. Employee identification;
  - b. Background checks where applicable;
  - c. Control of access to the plant facility;
  - d. Control of gates and doors at the facility;
  - e. Internal Security;
  - f. Training and security awareness.

**D. Distribution Resources**

1. Describe how your firm’s available capacity would sufficiently support the requirements of this proposed contract, while providing the quality service expected. Discuss:
  - a. Your current warehouse capacity (Dry, Chill and Freeze) and the number and type of receiving docks you have in your facility.
  - b. The type and kind of distribution equipment your company utilizes (i.e. number of trucks, number of temperature controlled trucks, whether equipment is owned or leased, etc.). Discuss your capability to deliver products as one order on one truck.
  - c. Discuss how your firm will load trucks in order to provide expedient delivery to each delivery point.
  - d. Discuss human resources that are available to support this proposed contract.

E. Ordering System

1. It is required that the offeror's ordering system be able to interface with the Government's established translation package, STORES, and support the Electronic Data Interchange transaction sets listed in this solicitation. State whether your firm is currently capable of interfacing with the Government's ordering system. If the offeror is not currently capable of accepting orders via STORES, outline an implementation plan, including timeframes, to become EDI capable by contract start-up.
2. The offeror must describe its technical capability to establish the required interface with the Government via EDI. Prior to contract start-up, the Government may choose to test your support of the EDI transaction sets, by having the offeror transmit an 810, 832 and/or 997 transaction set.
3. The offeror must describe its plans to support the customers in the event the STORES system is not operational. Please describe plans on receiving orders so that these customers may be supported if the STORES system is not operational.

F. Customer Service Approach

1. Discuss routine customer support services that will be provided to all customers supported under this solicitation. Include any services that may add more value to this acquisition. Specify the number of customer service representatives to be assigned to the contracts and explain how they will ensure that all customers' needs are accommodated. Also indicate the number of site visits planned, and what services the sales representatives will perform. Discuss how the firm will participate in food menu board meetings regularly held by our military customers. Indicate the availability of a toll free phone number/fax number for all customers.
2. Describe the process for handling and advising customers of manufacturer's backorders, not in stocks (NIS), substitutions, cancellations and add-ons. Address how your firm will ensure that these situations will not occur frequently. Any associated fees will also be evaluated.
3. Indicate how the performance of your firm will be monitored internally. Specify what performance-related aspects will be tracked and the frequency of each. Indicate what actions will be pursued in the face of anticipated delays.
4. \*Discuss your plans to handle emergency orders. Be sure to include not only how you will handle the orders, but also what you consider an emergency, and fees, if any, associated with "emergency orders". Indicate your response time to an emergency order.
5. \*Discuss timeframes that an order must be placed for skip day deliveries. Specify cut-offs for orders, add-ons, cancellations, etc. Also indicate any associated fees you firm may impose, if applicable.
6. Discuss the services offered by your firm to aid the customers in becoming more cost effective. Describe how these services will benefit the customers. Also,

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

---

discuss services offered by your firm to aid the customers in their menu planning process.

G. Location

1. Provide a logistics plan that addresses how the location of your firm's warehouse(s) will enable you to support the customers during normal deliveries as well as emergencies. Your locations should allow for skip day deliveries to all customers.
2. Access routes, travel time and mileage from the distribution point(s) to each of the customers' locations shall be provided.

H. Surge/Mobilization

1. Surge: Discuss in detail your ability to react to surge demands that may occur, or experience in supporting surge demands that may have occurred, as a result of the increase in troop strength. Thoroughly describe the ability of your firm to increase capacity output, including the magnitude and duration of the output, as well as the timeframes for the increased capacity to be achieved. If surge demands should exceed the offeror's current capability to meet these demands, discuss the capability to obtain additional resources, i.e. warehouse space, distribution equipment, personnel, etc. Discuss plans to replenish inventory under emergency situations; discuss sources and timeframes.
2. Mobilization: Describe your ability to respond to full-scale military mobilization wherein consumption may double or triple for a protracted period of time during a period of national emergency or mobilization. The offeror must demonstrate its ability to handle a longer-term requirement with a significant increase in quantity. The offeror must state the level of increase (percentage) that can be achieved, the time required to attain the increase, and the length of time the enhanced requirements can be sustained.
3. \* Readiness Plan: The offeror must submit a readiness plan indicating how increased requirements will be supported with additional suppliers, subcontractors, warehousing, etc., that may become involved in supporting this effort. This plan should include detail discussion to meet both surge and mobilization requirements.

**III. QUALITY ASSURANCE**

A. Quality Control and Quality Assurance Procedures

1. Discuss the quality control procedures to be used under the proposed contract. Include a discussion on procedures used during receipt, storage and outbound product.
2. Describe your firm's inventory control systems, including the level of automation or manual process involved.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-1 (CONTINUED)</b>
---

3. Discuss inventory rotation methods used by your firm. Describe the monitoring procedures, methodology followed in identification and correction of discrepancies in inventory management and order preparation. Identify key personnel responsible for ensuring that quality procedures are monitored.
4. Include a discussion on how proper temperatures are maintained in the dry, chill, and freeze storage areas, as well as the loading and receiving areas.

**B. \*Product Quality Compliance**

1. Address your firm's ability to consistently comply with the quality requirements specified by the DSCP NSN/LSN stock catalogs. Include a proposed quality compliance **percentage rate** that realistically reflects your ability to meet the proposed levels of service for each of the categories (Meat, Poultry, Seafood, and Processed Product). The offeror must also provide a supporting plan that demonstrates its ability to meet the proposed levels of service. This includes, but is not limited to, adherence to the Berry Amendment, approved source requirements, compliance with the Code of Federal Regulations Title 21, product stock number quality requirements (i.e., grade, fabrication, purchaser specified options, weight, portion control size, shelf life, marking, packaging and packing).

**C. Inspection and Sanitation Procedures**

1. The offeror must thoroughly discuss the inspection procedures employed to guarantee the movement of quality products. Include the frequency, type, and amount of inspection; product characteristics to be inspected (include standards used to inspect, e.g. temperatures); criteria for approving and rejecting products; criteria for removal of product from inventory; record for documenting inspection results; and the method for identifying the inspection status of approved and rejected product. Also included shall be a discussion on the procedures used pertaining to inbound product.
2. Discuss procedures that will be used to ensure that delivered orders will conform to the following:
  - a. Correct items ordered, in the correct quantity;
  - b. Proper shelf life dating;
  - c. Meets industry standards for product quality; and
  - d. Defense Appropriations Act and Berry Amendment restrictions – describe how and what steps your firm takes to ensure that only products that comply will be shipped to the customer.
3. Describe the Sanitary Control Procedures and Stored Products Pest Management Program utilized by your firm to ensure that sanitation and warehousing practices are in accordance with acceptable industry standards. Include in the discussion (for both Sanitation and Pest Management) a description of your in-house program, scheduling of duties and inspection certification. Include the frequency

---

of service, service provided and monitoring procedures. Furnish copies of your most recent inspection reports for your firm. If your offer is a partnership or a teaming effort, furnish recent sanitary inspection reports for all parties involved, at each individual site.

D. Recall procedures

1. In addition to the required recall procedures outlined in the Addendum to Clause 52.212-4, "Contract Terms and Conditions – Commercial Items", thoroughly outline your procedures for notifying customers and DSCP of any and all types of recalls. Detail the timeframes involved and how recalled products will be identified, both at the customer's facility and in your warehouse.

E. \* Technical Descriptions

1. At the time of the initial submission of the proposal, the offeror shall provide a set of product technical descriptions (specifications) for ALL items in the "Market Basket" Schedule of Items, whether sourced or supplied. Meat items shall meet all the general and detailed requirements of the Government's item description in accordance with the IMPS or NAMPS equivalent. Regarding fat limitations, unless otherwise specified, the maximum average fat thickness shall be 0.25 inch and trim, weight and thickness tolerances, and the specified quality grade.
2. The technical description must contain sufficient detail to determine the product's salient characteristics for comparison to that solicited in the schedule of items.
3. **Each technical description must be labeled with the corresponding market basket item number and its corresponding NSN/LSN.**
4. The contractor's descriptions/specifications will be used by the Subsistence Prime Vendor Office/Technical Evaluation Panel to determine if the item offered meets the minimum quality standard described or preferred. It should be noted that the technical descriptions may also be used by the Business Panel for evaluation and confirmation of the item description as set forth in the Market Basket.
5. Technical descriptions submitted for Brand Name (NAPA) items must be an exact match to the specified Brand Name item/SKU (NAPA). You may not submit another manufacturer's technical description as a substitute.

#### IV. SOCIOECONOMIC CONSIDERATIONS

Both large and small business offerors must indicate what portion of the proposal will be subcontracted to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), Veteran-Owned Small Business (VOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and HUBZone Small Business (HZSB)

---

concerns in terms of percentages and total dollars. The percentage shall be formulated using the total to be subcontracted as the divisor. The offeror must describe the proposed SB, SDB, WOSB, VOSB, SDVOSB, and HZSB concerns' participation in the performance of this contract at the contractor, subcontractor, and product supplier levels. These figures shall pertain to the proposed acquisition only. These figures shall represent what percentage/dollar value of products to be supplied under this contract by a SB, SDB, WOSB, VOSB, SDVOSB, and HZSB manufacturer or distributor. A goal for the Prime Vendor may be to obtain at least 30% of the supplies for proposed contract from SB firms, 5% from WOSB, 5% from SDB firms, 2% from VOSB firms, 1% from SDVOSB firms, and 2% from HZSB firms.

Socioeconomic Definitions:

1. Small Business Concern: a firm, including its affiliates, that is organized for profit, independently owned and operated, not dominant in the field of operation in which it is competing, and can further qualify under the criteria concerning the number of employees, average annual receipts and other criteria as described by the Small Business Administration.
2. HUBZone Small Business Concern: a concern located in a "historically underutilized business zone"; is owned and controlled by one or more U.S. citizens; and at least 35% of its employees reside in the HUBZone. A HUBZone is a historically underutilized business zone, which is an area located in within one or more qualified census tracts, qualified non-metropolitan counties, or lands within the external boundaries of an Indian Reservation.
3. Small Disadvantaged Business Concern: a firm (1) that is at least 51% owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51% of the stock is owned by one or more socially and economically disadvantaged individuals and (2) whose management and daily operations are controlled by one or more such individuals. The term "socially disadvantaged" means individuals who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of groups without regard to their individual qualities. The following individuals are presumed to be socially disadvantaged: Black Americans, Hispanic Americans, Native Americans (Indians), Asian-Pacific Americans, and Subcontinent Asian Americans. The term "economically disadvantaged" means socially disadvantaged individuals whose ability to compete is impaired due to diminished capital and credit opportunities. Generally, a socially disadvantaged individual whose personal net worth does not exceed \$750,000 (\$250,000 for SBA 8(a) Program certification) excluding ownership interest in the company and equity in a primary residence, is considered to be economically disadvantaged.
4. Women Owned Small Business Concern: a small business concern that is at least 51% owned by one or more women; or in the case of any publicly owned business, at least 51% of the stock is owned by one or more women and whose management and daily business operations are controlled by one or more women.
5. Veteran Owned Small Business Concern: a small business concern that is not less than 51% of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in any case of any publicly owned business, not less than 51% of the

stock of which is owned by one or more veterans; and the management and daily operations of which are controlled by one or more veterans.

6. Service Disabled Veteran Owned Small Business Concern: a small business concern that is not less than 51% of which is owned by one or more service disabled veterans or, in the case of any publicly owned business, not less than 51% of the stock of which are controlled by one or more service disabled veterans; and the management and daily business operations of which are controlled by one or more service disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran. Service disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service connected, as defined in 38 U.S.C. 101(16).
7. Subcontract: any agreement (other than one involving an employee-employer relationship) entered into by a Government Prime Contractor or subcontractor calling for supplies and/or services (direct costs only) required for contract performance, contract modification or subcontracts.

A. \* Socioeconomic Goals

1. Under socioeconomic goals, and subsequent management reports, offerors are to submit figures based on direct subcontracts for items that would be supplied under contract. No direct costs for equipment or services are to be included.
2. The offeror shall describe the proposed extent of SB, SDB, VOSB, SDVOSB, and HZSB participation in the performance of the contract at the contractor, subcontractor and product supplier level. In addition, firms shall also state whether they are a LARGE or SMALL food service distributor. A small firm is defined as having less than an average of 500 employees and must not be a subsidiary or division of a large company/corporation.
3. \* The following is the preferred format for the submission of socioeconomic data. Separate subcontracting goals must be submitted for each proposed contract.

	Dollar	Percent
1. Total Contract Price	\$ _____	<u>100%</u>
2. Total to be Subcontracted:		
a. To Large Business:	\$ _____	_____
b. To Small Business: (Total Small)	\$ _____	_____
1. SDB	\$ _____	_____
2. WOSB	\$ _____	_____
3. VOSB	\$ _____	_____
4. SDVOSB	\$ _____	_____
5. HZSB	\$ _____	_____
6. OTHER SB	\$ _____	_____

---

Notes: 1) When calculating figures for socioeconomic goals, the business size of the manufacturer is to be considered, NOT the business size of the broker/agent that may have supplied the product to the distributor. 2) If the offeror is a Small, Small Disadvantaged, Veteran Owned, Small Service Disable Veteran Owned, Small Women Owned Small or HUBZone Small Business, the offeror may NOT include its “cost of doing business” as part of the subcontracting goals proposed for this acquisition. 3) Offerors that are Small Business will receive additional credit under this factor for evaluation purposes. 4) Performance on prior contracts in subcontracting with and assisting Small, Small Disadvantaged, Women Owned Small and HUBZone Small Business will be part of past performance evaluation.

**B. Organizational Efforts**

1. The offeror shall describe the efforts it will make to ensure that SB, SDB, WOSB, VOSB, SDVOSB, and HZSB concerns will have an equitable opportunity to compete for subcontracts or as product suppliers on this acquisition.
2. The offeror shall describe its willingness and any plans it has to develop additional opportunities for SB, SDB, WOSB, VOSB, SDVOSB, and HZSB concerns. The offeror must furthermore identify the employee(s) responsible for ensuring that an equitable opportunity is afforded to the SB, SDB, WOSB, VOSB, SDVOSB, and HZSB firms to compete for contracts or supplier selection.
3. The offeror must indicate what percentage of its available subcontracting (or supplier utilization) dollars is allocated to small business concerns. Included in this percentage range is an estimated total subcontracting allocation to SB, SDB, WOSB, VOSB, SDVOSB, and HZSB concerns.
4. The offeror shall be required to cooperate in studies or surveys in order to allow the Government to determine the extent of subcontracting opportunities identified for this acquisition.
5. The offeror is to demonstrate a knowledge of, and more preferably a working relationship with local, state, and/or federal organizations whose mission it is to promote Small Business, Small Disadvantaged Business, Women Owned Small Business, Veteran Owned Small Business, Service Disabled Veteran Owned Small Business and HUBZone Small Business.

Note: Large business offerors are required to submit the Small, HUBZone Small, Small Disadvantaged Business, Veteran Owned Small Business, Service Disable Veteran Owned Small Business, and Women Owned Small Business Subcontracting plan information as required by Clause 52.219-9, “Small Business Subcontracting Plan” in addition to the information that is a requirement of this section of the proposal. The subcontracting plan required by the FAR clause can incorporate all costs, direct and indirect, associated with this proposal. If an individual contract Subcontracting Plan is submitted, the plan

must contain separate Small, HUBZone Small, Small Disadvantaged, Veteran Owned Small Business, Service Disabled Veteran Owned Small Business and Women Owned Small Business subcontracting percentages and dollar levels for the base year as well as each option year.

**V. JAVITS-WAGNER-O'DAY ACT ENTITY SUPPORT**

**A. The offeror must provide the following:**

1. A description of the efforts your company will make to assure that Javits-Wagner-O'Day Act (JWOD) qualified nonprofit agencies for the blind or other severely disabled will have equal opportunity to compete for subcontracts under any resulting contract. Describe your current and proposed range of services, supplies, and any other support that will be provided to you by JWOD concerns. Include specific names of such subcontractors, to the extent they are known. Describe any future plans your company has for developing additional subcontracting possibilities for JWOD entities, or ways in which these entities could be partnered with other business and agencies in opportunities to diversify revenue production during the contract period.
2. \*Specify what portion of your proposal, **as a percentage of dollars**, will be subcontracted to JWOD entities.
3. Progress reports in reference to your subcontracting efforts with JWOD activities will be submitted to the Contracting Officer as part of your monthly socioeconomic report. Provide the name and title of the individual principally responsible for ensuring company support to such entities (generally, this is the individual responsible for subcontracting with Small, Small Disadvantaged, and Women Owned Small business, etc.).

**VI. DLA MENTORING BUSINESS AGREEMENT (MBA)**

The DLA MBA Program was designed for prime contractors to provide developmental assistance to Small Business, Small Disadvantaged Business and Women Owned Small Business concerns for value added services and/or products. Prime contractors may also mentor Javits-Wagner-O'Day (JWOD) qualified nonprofit agencies for the blind and other severely disabled that have been approved by the Committee for Purchase from People Who Are Blind or Severely Disabled under the JWOD Act.

DLA MBA's encourage participation and growth opportunities for Small, Small Disadvantaged, Women Owned Small Business concerns or JWOD workshop that will participate in carrying out the requirements of the prime contract. The opportunities must constitute real business growth, which is measurable and meaningful.

An MBA shall be a written agreement between the prime contractor and the Small, Small Disadvantaged, Women Owned Small Business, or other applicable business, involved. The mentor will be required to submit periodic progress reports on its agreements. An MBA shall include, at a minimum, the elements listed below:

<b>ADDENDUM TO FAR 52.212-1 (CONTINUED)</b>
---

\* Participants: Cite the criteria in selecting a firm or firms with whom to mentor. Include the following information with all submissions:

1. Name, address, and plant location for contract holder and potential or actual SB/SDB/WOSB or JWOD participant(s).
2. Point of contact, job title, and phone number of all personnel involved in the development and oversight of any agreement from both parties.
3. The number of people employed by the Small Business, Small Disadvantaged Business, or Women Owned Small Business concern. If the firm is in the service sector, specify its annual average gross revenue for the last three (3) fiscal years.

A. Agreement Type

1. Describe the type of agreement executed by the contract holder and the Small business, Small Disadvantaged Business, Women Owned Small Business or JWOD entity. The agreement should state the benefits of the plan for both parties. Criteria in selecting firm(s) shall be included as previously stated. The Contracting Officer will review the plan to ensure that the agreement will not jeopardize future contract performance. The agreements should clearly define the roles and responsibilities of each party. Plans that identify new business ventures rather than expansion of existing agreements are preferred. Indicate whether or not signed mentoring agreements exist or are in the planning/development stage.
2. DLA MBA Agreements shall specifically identify the areas of developmental assistance (i.e. management/technical) that will be provided. The offeror should provide a discussion of the areas chosen for development/enhancement. Describe the scope of the plan, i.e. whether the plan will be specifically related to the requirements contained in the solicitation or if the plan will cover other Government and commercial customers.
3. Offerors shall identify and describe the management control techniques that would be used to insure that contract requirements are met. This should include the record keeping and communication techniques and the methods to be used to control track performance.

B. Measurements and Reporting

1. Provide milestones for program implementation.
2. Discuss and describe the measurement/yardsticks that will be utilized to determine if the program objectives have been met. Projections of successful measurements should result in:
  - a. An increase in the dollar value of subcontracts awarded to SB/SDB/WOSB and JWOD workshops under DLA contracts.
  - b. An improvement in the participation in DoD, other Federal agencies and commercial contracting opportunities.

\*THIS PORTION MUST BE SUBMITTED IN WRITING

**I. PRICING**

- A. An evaluation will be made against the market basket items, which are selected from the highest usage items and general and non-food supplies provided by the customers supported under this solicitation, as well as items listed under the Basic Daily Food Allowance (BDFa) listing. Estimated annual quantities for the items selected are indicated next to each item and are for information and evaluation purposes only. A separate evaluation will be made of the offeror's distribution pricing, using the same Market Basket of items.
- B. Offerors are to submit their most current unit prices. The invoices should reflect the prices effective within two (2) weeks prior to closing or within two weeks prior to final proposal revision, as applicable for these items. However, if invoices are not available for that time period, e.g., products not purchased within that time period, the most recent invoices shall be submitted reflecting the last purchase made for the item. This unit price submitted must reflect the delivered price separately and the distribution price separately, then added together. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated to reflect a \$2.50 unit price as follows:

$$\$2.00 + \$0.50 = \$2.50$$

1. Do not submit only the unit price; the two (2) elements must be shown separately as two separate evaluations are being performed.
  2. DO NOT deduct NAPA or Food Show allowances from the delivered price on your business proposal.
  3. Prices for Market Basket Schedule of Items are to be submitted according to the Government's unit of issue (THERE ARE NO EXCEPTIONS). The Market Basket will ultimately become part of the vendor catalog. The prices submitted at the time of final revisions will be incorporated into the vendor's catalog. This means that the awardee(s) final prices will be the prices for the same items in the catalog when the contract becomes effective. This catalog will initiate the baseline prices.
- C. Prices must not extend more than two (2) places to the right of the decimal point. Standard rounding methods should be observed. For example, a delivered price of \$4.578 plus a distribution price of \$0.232 should be rounded to \$4.58 plus \$0.23.
- D. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest price, technically acceptable, item that meets the Government's minimum requirements. However, Brand Name/NAPA items must be priced according to the exact Brand Name –SKU/ NAPA that is listed in the Market Basket, as specified.

- E. ALL offered delivered prices must be substantiated with a copy of the manufacturer's invoice for each item in the Schedule of Items. The Market Basket Item No. must be reflected on each invoice so as to identify what item each invoice corresponds to. The preferred documentation is the manufacturer's invoice. However, if you do not have a manufacturer's invoice due to the item not currently being carried in your inventory, a written quote from the manufacturer will be accepted. The quote must be presented in the following manner:
1. Detailed on manufacturer/company letterhead;
  2. Date price quote was supplied;
  3. Time period price quote is effective;
  4. Quantity covered by price quote;
  5. Manufacturer part number; and
  6. Manufacturer's point of contact, including name, title, address, and phone number.
- F. The invoices should reflect the prices effective within two (2) weeks prior to closing or within two weeks prior to final proposal revision, as applicable for these items. If invoices are not available for that time period, the most recent invoices shall be submitted reflecting the last purchase made for the item. The Government has a strong preference for invoices over market quotes and prices within two (2) weeks from closing over earlier dates. For evaluation purposes, the offeror is required to submit pricing for Market Basket Items that will meet the Government's minimum requirement, except for Brand Name items, which must be priced according to the exact brand name product.
- G. Offerors are required to submit this portion of the Business Proposal on a spreadsheet containing the following information:
1. Item: Item number and description as listed;
  2. Estimated Quantity: Quantity given;
  3. Unit of Issue: Self explanatory. Note: Unit of Issue must be the same as the Government's listed in the Market Basket of Items;
  4. Distribution Price Category: Identify by number, the distribution category each item falls under for purposes of establishing the distribution price. For example, if the market basket item is ground beef patties, #3 would be inserted;
  5. Delivered Price (DEP): The price you actually paid for the item, as substantiated by the manufacturer invoice (landed cost);
  6. Distribution Price (DIP): Your distribution price;
  7. Unit Price: Delivered Price + Distribution Price;
  8. Total: Estimated Quantity multiplied by Unit Price;
  9. DIP/DEP: Distribution Price divided by the Delivered Price
  10. DIP AGG: Quantity multiplied by the Distribution Price.

All prices submitted MUST NOT be more than two (2) places to the right of the decimal point. If in any column prices appear having more than two (2) decimal places, the Government will automatically round your prices using standard rounding procedures. Be sure that all formulas used within your Excel spreadsheet utilize prices with no more than 2 decimals.

- H. When preparing the spreadsheet, totals must appear at the bottom of the “TOTAL” column and the “DIP AGG” column. Firms MUST use Microsoft Excel to complete the spreadsheets and submit a CD with the completed workbook on it. Remember to include the offeror’s name on the top of the spreadsheet.
- I. Each firm must submit a hard copy of their spreadsheet, for the base term and each option term, as well as a copy of the spreadsheet(s) on a CD. (This means four spreadsheets or one workbook with a sheet labeled for each option term plus the base term).
- J. Option term prices must be submitted in dollars and cents for each item for each option period under the Market Basket Schedule of Items.
- K. For evaluation purposes of the Market Basket of Items, distribution prices shall correspond to the unit of issue for each product, e.g. if the offered product is issued on a “per pound” basis, the distribution price shall be “per pound”. For pricing analysis purposes, the distribution price may be listed to the extent of two (2) places to the right of the decimal point only.
- L. The offeror must also submit option term prices, expressed as the delivered price plus the distribution price. All components of the option term unit price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option term prices, the offeror’s proposal may be rejected. Option term price increases or decreases are to be expressed in dollars and cents or a percentage increase or decrease from the base/previous option period for all Distribution Categories. The firm may also elect to offer no change in the distribution prices over the life of the contract. If distribution prices per term are increased or decreased by a certain percentage, i.e., .5% decrease on option 1 from base term, the spreadsheet pricing data must reflect such percentage in dollars and cents.

Note: Please use an Anti-Virus utility to ensure that your CD is virus free before submitting.

- M. Use the spreadsheet provided on DIBBS website, <https://www.dibbs.bsm.dla.mil/>, named “SPM300-06-R-0061-MARKET BASKET.xls”

Each spreadsheet or sheet shall have a heading labeled as Base Term, Option 1, Option 2, etc.

**II. DISTRIBUTION PRICES**

- A. Firms shall offer a distribution price for each category of items as they are listed in this solicitation. The distribution price must be offered as a dollar amount. Distribution prices offered as a percentage of the delivered price are not acceptable. The distribution price shall represent the amount to be added to the actual invoice price paid to the manufacturer or supplier by the prime vendor for each food, beverage, and/or non-food product.
- B. Offerors must use the Government's Category Listing contained in the section entitled "Supplies/Services and Prices". However, offerors may use an additional, alternate Government Category Listing, personally developed, if submitting an alternate proposal in addition to the proposal required using the Government's Category Listing.
- C. For the Distribution Price Category Listing, prices are to be offered in the same manner in which you sell the product. For example, if you sell a product by the "case", then the distribution price will be by the "case". Whereas, if you sell the product by the "pound" or by the "each", the distribution price would be listed accordingly. If products are sold by the "case" and by the "pound", then prices should be offered for both units of measures.
- D. The distribution prices shall remain constant for the complete base term of the contract; however, distribution prices may remain the same, increase, or decrease for each option year.

**III. PRODUCT LISTING**

- A. The offeror shall submit two (2) copies of its complete product listing for all food, beverage, and related non-food items as part of the Business Proposal.

**IV. PRIME VENDOR MARKET BASKET SCHEDULE OF ITEMS**

A copy of the Market Basket Schedule of Items for this zone is attached to this solicitation as Attachment 1; reflecting only annual quantities. For the required pricing submissions, please refer to the Excel spreadsheet posted on the DIBBS website, <https://www.dibbs.bsm.dla.mil/>, for each contract term including all option terms.

**DSCP 52.209-9P06 RESPONSIBILITY OF OFFEROR (JAN 1992)**

In considering the responsibility of an offeror, the government reserves the right to determine the responsibility of the offeror's proposed subcontractor(s) or supplier(s). The same factors shall be used to determine the responsibility of the offeror and its subcontractor(s) or supplier(s). The determination of responsibility of a proposed subcontractor or supplier shall not be construed to relieve the contractor of the sole responsibility of assuring that performance of all work under the contract is in strict accordance with its terms and conditions.

**DSCP 52.209-9P07 PRE-AWARD PLANT SURVEY (JAN 1992)**

To determine the responsibility of prospective contractors, the government reserves the right to conduct physical surveys of the plants which are to be used in the performance of a contract. In the event the government is prevented from making such survey by the offeror or its proposed subcontractor, the offer may be rejected. As a part of the pre-award survey, the offeror may be required to obtain from its intended sources of supply, letters confirming availability of components, materials machinery and tooling.

<b><u>FAR 52.212-2 EVALUATION—COMMERCIAL ITEMS (JAN 1999)</u></b>
---

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Experience/Past Performance, Distribution System/Capability, Quality Assurance, Socieconomic Proposal, Javits-Wagner-O'Day Act Entity Support, DLA Mentoring Business Agreement (MBA), in descending order of importance.

Technical and past performance, when combined, are significantly more important than cost or price. Note that technical, not a factor, refers to the other factors under the Technical Proposal other than past performance.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

<b>ADDENDUM TO FAR 52.212-2</b>
---------------------------------

Clause 52.212-2 “Evaluation – Commercial Items”, which is incorporated herein in full text, is revised as follows:

1. Paragraph (a) is hereby expanded to read as follows:

However, when proposals become more equal in technical merit, the evaluated cost or price becomes more important.

2. Add paragraph (d) as follows:

(d) Source Selection and Evaluation Procedures:

(1) Summary

Subsequent to the date specified in the solicitation for receipt of proposals, all timely proposals will undergo a technical and business evaluation as described in paragraph (b)(2) below. The Contracting Officer may make a competitive range determination based on these evaluations, and submit it to the Source Selection Authority (SSA) for approval. Unless award is made on the basis of initial proposals, written and/or oral discussions will be conducted with all offerors in the competitive range. Final revised offers resulting from discussions will undergo further technical and business evaluations. Finally, a proposal will be selected for award by the SSA, as described in paragraph (b)(3) below.

(2) Evaluation Process.

(i) Technical Evaluation Process – Offerors are required to present a portion of the technical information orally and to submit the remainder of the technical proposal in writing, as prescribed in the section of this solicitation entitled “Submission Requirements”. Each technical proposal will be evaluated by the Technical Evaluation Panel against the technical factors specified in paragraph (a) above. Proposals so technically deficient as to make them technically unacceptable will be rejected as unacceptable, regardless of the cost or price offered. No discussions will be held with rejected offerors, nor will any rejected offeror be given an opportunity to revise its offer to correct deficiencies in order to become acceptable after the date and time specified for the receipt of offers.

(ii) Business Evaluation Process – Each proposal will be evaluated against the requirements of the solicitation. The Government will evaluate limited pricing data with the initial proposals and during discussions, in accordance with FAR 15.4, “Contract Pricing”. The Government will evaluate the successful offeror’s proposal to determine cost or price realism. Cost or price realism will demonstrate an offeror’s understanding of the requirements of the solicitation. Included in this process is the evaluation of options. The Government will evaluate offeror’s pricing on the items in the Market Basket/Schedule of items.

The estimated quantities shall be multiplied by the unit prices to determine the lowest overall cost to the Government. These figures will be totaled to arrive at an aggregate value. Pricing will be evaluated for all option years in the same manner. All four (4) totals will be added together to determine the lowest overall cost to the Government. Distribution prices that do not relate to the market basket items will be evaluated for fairness and reasonableness. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of the options shall not obligate the Government to exercise the option(s).

(3) Selection Process

The final technical and business evaluation reports will be furnished to the Contracting Officer by the Technical Evaluation Panel/Business Evaluation Panel. The Contracting Officer will prepare a written recommendation for award and forward it to the SSA. It is the ultimate decision of the SSA to determine which offeror receives the award.

<b><u>ADDENDUM TO FAR 52.212-2</u> <u>EVALUATION FACTORS FOR AWARD</u> <u>TECHNICAL PROPOSAL EVALUATION</u></b>
---

The following evaluation factors are listed in descending order of importance. Each factor will state the importance of its subfactor. The Government will make a risk assessment based on information contained in the proposal and other information, which has or may derive from sources other than the proposal. The risk assessment will be evaluated in the rating for any factors and/or subfactors that place the Government at risk.

**I. EXPERIENCE/PAST PERFORMANCE**

The subfactors for Experience/Past Performance are of equal weight.

A. Experience

1. The Government will perform an integrated assessment of the offeror's individual house experience. This assessment will also be performed for any partner(s) or joint venture(s) that will perform in support of the proposed contract. The Government will evaluate the offeror's experience in fulfilling requirements of similar dollars and volume for other customers in a Prime Vendor/regular dealer capacity and other Government contracts, if any. This assessment will also be performed for any partner that will perform in support of the proposed contract. This evaluation will be based on the offeror's proposal, as well as any in-house Government records, if applicable.
2. The offeror's identification of key personnel, and its individual experience, will be examined in order to determine the anticipated success of the firm in providing service to its customers. This information should be addressed during the Oral Presentation.

B. Past Performance

1. When evaluating Past Performance, the offeror's written proposal, Government in-house records (if applicable), and the information provided by the points of contact or references designated by the offeror will be taken into account. Government in-house records will be considered more significant than information provided by other references.
2. The Government will evaluate the offeror's record of performance with both commercial and Government contracts. The Government will determine whether the firm has a successful history of conforming to contractual requirements or business agreements, a commitment to customer satisfaction, timely delivery of quality products, providing consistently high fill rates, and service at fair and reasonable prices. If an offeror has performed on Government contracts, they will also be evaluated on their adherence to the requirements of various socioeconomic considerations of past and current contracts, to include Socioeconomic Proposal, Javits-Wagner-O'Day Act Entity Support and DLA

Mentoring Business Agreements. Offerors that do not have records of past performance on socioeconomic issues will receive a “Neutral” rating. This evaluation will also be performed for any partner involved in the proposed contract. Government in-house records will also be used for this evaluation, if applicable, and will be considered more significant than information provided by other references.

3. The Government will evaluate the Prime Vendor’s, or its partner’s, experience on contracts similar in size and complexity to this solicitation. Firms that demonstrate significant experience in these areas will be rated more favorably than those firms that do not.
4. Offerors are encouraged to address unfavorable reports/problems of past performance. Your response, or lack thereof, will be taken into consideration.

## II. DISTRIBUTION SYSTEM/CAPABILITY

The sub-factors for Distribution System/Capability are of equal weight.

### A. Supplier Selection Program

1. The Government will evaluate the offeror’s Supplier Selection Program/Acquisition Plan, to include procedures and policies. This evaluation will demonstrate the effectiveness of the program to provide a continued supply of quality products with minimal variation to product appearance, grade, yield, taste, texture, etc. The offeror’s methods to ensure that standardized product quality will be maintained when products are received from various suppliers must be included. Internal audits or management audits, training, and policies and procedures for the purchasing department to ensure the integrity of the purchasing system must be addressed. Policies and procedures to assure purchase orders and subcontracts contain all flow down clauses, including terms and conditions required by the prime contract, as well as any clauses needed to carry out the requirements of the prime contract. Include an organizational and administrative structure that ensures effective and efficient procurement of required quality materials and parts at the most economical cost from responsible/reliable sources. Selection processes to ensure the most responsive and responsible sources for furnishing required quality parts and materials and to promote competitive sourcing among dependable suppliers so that purchases are reasonably priced and from sources that meet contractor quality requirements. Price or cost analysis performed with every purchasing action. Procedures to ensure that proper types of subcontracts are selected and that there are controls including oversight and surveillance of subcontracted effort.

### B. Product Availability

1. The number of items an offeror (and any partner(s)) currently carries in its inventory that meet the item descriptions, or commercial equivalent, in addition

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-2 (CONTINUED)</b>
---

to those of the customer's requirements, (current Prime Vendor catalog), to include the Market Basket Schedule of Items will be evaluated. The Government will also evaluate the firms' ability to source those items that are not carried in stock. The firm's current product mix will also be reviewed.

2. The firm's proposed fill rate, with and without substitutions, and how it intends to satisfy this goal will be evaluated.
3. The offeror's product accountability system will be assessed in order to determine whether the firm is capable of supporting the requirements of the customers.
4. The Government will determine if the firm has the capability to support its customers in a timely manner by evaluating its hours of operation and the proposed method of delivery to each customer/individual dining facility.
5. The offeror's policy regarding minimum order quantities to add new products to inventory as well as the offeror's time frame in which new products will be added will be assessed.
6. The offeror's turnover ratio will be examined.

**C. Force Protection**

1. The Government will evaluate the offeror's security plans relating to plant security and security of the product in light of the heightened threat of terrorism. The steps taken to insure that products and/or packaging have not been tampered with or contaminated throughout the entire manufacturing, storage, and distribution process will be evaluated.

**D. Distribution Resources**

1. The firm's available capacity and resources will be evaluated as to how the requirement of the solicitation will be supported. Included, but not limited to, are warehouse space, delivery vehicles and equipment, and other resources.

**E. Ordering System**

1. The Government will evaluate the offeror's ability to interface with STORES and transmit the transaction sets listed in the solicitation. A firm's EDI capability or plans to become EDI capable will be evaluated. The offeror may be required to transmit an 810, 832, and 997 in order to demonstrate its EDI capability.
2. The firm's ability to support the needs of the customers in the event the STORES system is not operational will be assessed. Highest consideration will be given to electronic "user friendly" ordering systems that have the capability to produce printed confirmation reports and to update prices.

---

F. Customer Service Approach

1. The routine customer support services offered by the firm will be assessed to determine its commitment to customer satisfaction and business like concerns for its customers.
2. Procedures for handling Not-In-Stock's (NIS's), manufacturer's backorders, substitutions, emergency orders, cancellations and add-ons, monitoring contract performance, and actions taken in response to anticipated delays will be evaluated.
3. The services offered to assist customers in their menu planning and services that assist customers in becoming aware of new products will be evaluated.
4. The services offered to assist customers in becoming more cost effective will be evaluated.
5. The offeror's plan to ensure that customers receive accurate, timely deliveries will be evaluated.

G. Location

1. The Government will assess the capability of the offeror to support customers in a timely manner, taking into consideration the offeror's location(s) in relation to the customers' locations. This includes response time to both regular deliveries and emergency deliveries.

H. Surge/Mobilization

1. The Government will evaluate the offeror's ability to support "surge" requirements. The capability to swiftly react to this situation will be assessed.
2. The offeror's ability to respond to increased consumption requirements for an extended period of time will be evaluated. Firms must demonstrate the ability to maintain a high level of performance for a span of time, usually less than thirty (30) days notice.
3. The firm's Readiness Plan will be assessed for realism and completeness.

**III. QUALITY ASSURANCE**

The sub-factors for Quality Assurance are in descending order of importance.

A. Quality Control and Quality Assurance Procedures

1. The Government will evaluate the offeror's Quality Control and Quality Assurance procedures, including its inventory rotation methods, identification and correction of discrepancies in inventory management and order preparation, and inventory control methods to ensure that quality products are acquired and supplied.
2. Procedures to maintain proper temperature controls in the storage, loading and receiving areas will also be assessed.

LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-2 (CONTINUED)</b>
---

**B. Product Quality Compliance**

1. The Government will evaluate the offeror's proposed quality compliance **percentage rate** that realistically reflects the ability to consistently comply with the quality requirements specified by the DSCP LSN/NSN stock catalog for each of the categories (Meat, Poultry, Seafood, and Processed Products). The supporting plan that offerors must provide will also be evaluated. This plan should include, but is not limited to, adherence to the Berry Amendment, approved source requirements, compliance with the Code of Federal Regulations Title 21, product stock number quality requirements (i.e. grade, fabrication, purchaser specified options, weight, portion control size, shelf life, marking, packaging and packing).

**C. Inspection and Sanitation Procedures**

1. The Government will assess the offeror's proposed inspection procedures, including type, frequency, and amount of inspection to ensure that proper procedures are maintained.
2. Procedures to ensure that the order conforms to the items ordered in the correct quantity, has the proper shelf-life dating, is free of damage and meets industry standards for product quality, will be evaluated.
3. The offeror's Sanitary Control Procedures and Stored Product Pest Management Program will be evaluated. This evaluation will include sanitary inspection reports and any ratings as applicable (e.g. AIB, ASI).
4. The offeror's procedures/plans for ensuring compliance with the Defense Appropriations Act/Berry Amendment will be evaluated.

**D. Recall procedures**

1. The offeror's recall procedures will be assessed for timeliness and thoroughness. The methods used for notification and identification will be evaluated.
2. The firm's methods for handling various types of recalls will be assessed.

**E. Technical Descriptions**

1. The Government will evaluate the offeror's product descriptions to determine if each of the items offered meet the minimum salient requirements of the items listed in the solicitation. The offeror will be evaluated for its ability to provide items that meet the item description (or commercial equivalent) and for Brand Name items, to provide the desired brand.

LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-2 (CONTINUED)</b>
---

**IV. SOCIOECONOMIC CONSIDERATIONS**

Note: For Socioeconomic considerations under this factor, only product related direct costs are to be incorporated – NO INDIRECT OR SERVICE RELATED COSTS.

**A. Socioeconomic Goals**

1. The Government will evaluate the offeror's socioeconomic plan to ensure that, to the maximum extent practical, Small, Small Disadvantaged, Women Owned Small, Veteran Owned Small, Service Disabled Veteran Owned Small and HUBZone small businesses are used as both suppliers and subcontractors in support of this Prime Vendor contract. The Government will evaluate the participation levels in terms of the percentages and dollar values and comparatively assess the goals amongst the offerors.

**B. Organizational Efforts**

1. The Government will evaluate the measures that the offeror will take to ensure equitable opportunity, and further the opportunities, for Small, Small Disadvantaged, Women Owned Small, Veteran Owned Small, Service Disabled Veteran Owned Small and HUBZone Small businesses. The offeror that has the highest percentage of participation with Small, Small Disadvantaged, Women Owned Small, Veteran Owned Small, Service Disabled Veteran Owned Small and HUBZone Small Business combined, at the contract and subcontract level, will receive the highest rating. Offerors that are Small Business Concerns will receive additional credit under this factor.

**V. JAVITS-WAGNER-O'DAY ACT ENTITY SUPPORT**

- A. The Government will evaluate the offeror's JWOD proposal on a comparative basis among all offerors per 52.215-9004 DLAD. An offeror that proposes or demonstrates a higher percentage, complexity level, and variety of participation by JWOD qualified nonprofit agencies for the blind or other severely disabled as subcontractors beyond those items for which JWOD entities are the mandatory source generally will receive a higher rating. Offeror's proposals for such support will be made a part of any resulting contract for use in determining how well the contractor has adhered to its plan. Offeror is required to submit percentages supporting this program on a monthly basis to the Contracting Officer within the Socioeconomic Report.

**VI. DLA MENTORING BUSINESS AGREEMENT (MBA)**

- A. The Government will evaluate the offeror's response to participating in the DLA MBA Program and its ability to mentor firms. The scope of the plan will also be evaluated. The responses from offerors on the MBA Program will be evaluated on a comparative basis amongst all offerors. The offeror(s) indicating the most comprehensive plan (s) will receive the highest rating; this rating will be further enhanced if the offeror identifies new

<b><u>ADDENDUM TO FAR 52.212-2</u> <u>EVALUATION FACTORS FOR AWARD</u> <u>BUSINESS PROPOSAL EVALUATION</u></b>
--

business ventures rather than expansion of existing agreements. This evaluation will also be used to determine the offeror's willingness to assist SB's, SDB's, WOSB's, and JWOD entities in expanding their businesses.

The following evaluation criteria are listed in descending order of importance. Aggregate Pricing (Factor I) is relatively more important than Aggregate Distribution Pricing (Factor II) and Aggregate Distribution Pricing (Factor II) is relatively more important than Category Distribution Prices (Factor III). However, as the difference in the aggregate prices of technically equal offers decrease, the importance of Aggregate Distribution Prices and Category Distribution Prices will increase.

#### **I. AGGREGATE PRICING**

- A. The Government will evaluate each offeror's aggregate pricing by determining the total price offered. This dollar value will be calculated by multiplying the individual unit prices by the estimated usage requirements for each of the items listed in the Market Basket Schedule of Items. The aggregate dollar value, to include individual unit prices, will then be evaluated for reasonableness and overall lowest price to the government. The Market Basket Schedule of Items for each Zone is selected from the usage figures of primary customers provided by data obtained from the STORES MIS and Vendor Management Reports and consists of products from nearly all FSC Classes.

#### **II. AGGREGATE DISTRIBUTION PRICES**

- A. The Government will evaluate each offeror's distribution prices by determining the aggregate dollar value. This dollar value will be calculated by multiplying the individual distribution price by the estimated usage requirements for each of the items listed in the Market Basket Schedule of Items. The aggregate dollar value will then be evaluated for reasonableness and overall lowest price to the Government. Firms shall offer a distribution price for each category of item. The distribution price is defined as a firm fixed price, offered as a dollar amount, which represents all elements of the contract price other than the delivered price. The distribution price shall represent the amount to be added to the actual invoice price paid by the prime vendor for each food or beverage product to the manufacturer or supplier. The Market Basket Distribution Price will be validated for accuracy against the distribution price category. Distribution prices for all categories that do not relate to the market basket of items will be evaluated for fairness and reasonableness. The percentage of distribution price to total aggregate cost will also be evaluated.

LITTLE ROCK, AR AND SURROUNDING AREAS**

<b>ADDENDUM TO FAR 52.212-2 (CONTINUED)</b>
---

**III. CATEGORY DISTRIBUTION PRICES**

- A. The Government will evaluate each offeror's category distribution prices by determining an aggregate dollar value based on each category and its corresponding distribution price. One single unit of measure distribution price for each of the categories will be used for determining the lowest overall cost. The category distribution prices will then be evaluated for overall low cost to the Government. Distribution category prices will be evaluated on equivalent units of measure for each offeror. There will also be a comparative analysis of distribution prices to identify price reasonableness.

**IV. PRODUCT LISTING**

- A. The offeror's current product listing shall be used for informational purposes and will not be evaluated under the Business Proposal.

**DSCP 52.217-9P13 EVALUATION OF OPTIONS -- SOURCE SELECTION FOR AN INDEFINITE-DELIVERY, INDEFINITE-QUANTITY CONTRACT (JAN 1992)**

(a) For award purposes, in addition to an offeror's response to the base ordering period, the government will evaluate its response to all options, both technical and price. To evaluate price, the government will add the total price for all options to the total price for the base ordering period. Further, where a contract line or subline item number in section B specifies a minimum and maximum quantity, the maximum quantity will be used to determine the total price. Evaluation of options will not obligate the government to exercise the options. For this solicitation, the options are as specified in clause 52.217-9P12.

(b) Should offerors propose option prices which vary (for example, with quantities actually ordered and the dates when ordered), these offers will be evaluated using the highest option price offered for each item.

---

**52.212-3 Offeror Representations and Certifications—Commercial Items.**

As prescribed in 12.301(b)(2), insert the following provision:

OFFEROR REPRESENTATIONS AND CERTIFICATIONS—COMMERCIAL ITEMS (SEPT 2006)

An offeror shall complete only paragraph (k) of this provision if the offeror has completed the annual representations and certifications electronically at <http://orca.bpn.gov>. If an offeror has not completed the annual representations and certifications electronically at the ORCA website, the offeror shall complete only paragraphs (b) through (j) of this provision.

(a) *Definitions.* As used in this provision—

“Emerging small business” means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.

“Forced or indentured child labor” means all work or service—

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

“Manufactured end product” means any end product in Federal Supply Classes (FSC) 1000-9999, except—

- (1) FSC 5510, Lumber and Related Basic Wood Materials;

ADDENDUM TO FAR 52.212-3 (CONTINUED)

**DLAD 52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (JUN 2001)**

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel ( see [DLA Directive 5145.1](#)). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here [ ]. Alternate wording may be negotiated with the contracting officer.

(a) The offeror must stipulate in the Place of Performance clause included in this solicitation information pertinent to the place of performance. Failure to furnish this information with the bid may result in rejection of the offer/bid.

(b) No change in the place(s) of performance shall be permitted between the opening/closing date of the bid/offer and the award except where time permits and then only upon receipt of the contracting officer's written approval.

(c) Any change in place(s) of performance cited in this offer and in any resulting contract is prohibited unless it is specifically approved in advance by the contracting officer.

Paragraph (d) is applicable only when checked.

(d) When a subcontractor is to perform any portion of the work called for in this solicitation or any resulting contract, the contracting officer may require a copy of the subcontracting agreement.

**DSCP 52.209-9P04 CERTIFICATION OR DISCLOSURE OF DEBARRED OR

(4) Approval to use a debarred or suspended contractor as a subcontractor or supplier shall not be given by the government unless there are compelling reasons for this approval.

(5) Failure on the part of the offeror to comply with this clause in any contract resulting from this solicitation may result in the government terminating the entire contract, or any portion thereof, pursuant to the "default" clause of such contract.

(6) The offeror agrees, if awarded a contract under this solicitation, to insert the substance of this clause, including this paragraph (6), in every subcontract resulting from such contract and to require its subcontractors and suppliers to do likewise.

(b) In addition, offerors are required to identify below, as indicated any suspended or debarred individuals appearing in the list in paragraph (a)(1) above whom they employ, associate with or have a relationship to. Such employment, business associations and relationships will be examined to determine the impact of those ties on the responsibility of the offeror as a government contractor. (a) Definitions. As used in this clause—

(1) “Foreign person” means any person other than a United States person as defined in Section 16(2) of the Export Administration Act of 1979 (50 U.S.C. App. Sec. 2415).

(2) “United States” means the 50 States, the District of Columbia, outlying areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

(3) “United States person” is defined in Section 16(2) of the Export Administration Act of 1979 and means any United States resident or national (other than an individual resident outside the United States and employed by other than a United States person), any domestic concern (including any permanent domestic establishment of any foreign concern), and any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern which is controlled in fact by such domestic concern, as determined under regulations of the President.

(b) Certification. By submitting this offer, the Offeror, if a foreign person, company or entity, certifies that it—

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. Sec. 2407(a) prohibits a United States person from taking.

(c) Representation of Extent of Transportation by Sea. (This representation does not apply to solicitations for the direct purchase of ocean transportation services).

(1) The Offeror shall indicate by checking the appropriate blank in paragraph (c)(2) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term “supplies” is defined in the Transportation of Supplies by Sea clause of this solicitation.

**Sample Subcontracting Plan**

**THE ATTACHED GUIDE WAS DEVELOPED AS A CHECKLIST TO BE USED BY CONTRACTORS IN THE PREPARATION OF A SMALL BUSINESS SUBCONTRACTING PLAN IN ACCORDANCE WITH THE REQUIREMENTS OF PUBLIC LAW 95-507. THE GUIDE ADDRESSES THE SIX MANDATORY ELEMENTS OF A SUBCONTRACTING PLAN AS SET FORTH IN FAR CLAUSE 52.219-9(D) AND SUPPLEMENTAL INFORMATION REQUIRED BY SECTION 1207 OF P.L. 99-661, CONTRACT GOAL FOR MINORITIES. IT IS INTENDED AS A TOOL TO ASSIST CONTRACTORS IN THE DEVELOPMENT OF AN ACCEPTABLE SUBCONTRACTING PLAN AND TO FACILITATE THE REVIEW BY THE CONTRACTING OFFICER, THE DSCP AND DEFENSE CONTRACT MANAGEMENT AGENCY (DCMA) SMALL BUSINESS SPECIALISTS AND THE SMALL BUSINESS ADMINISTRATION PROCUREMENT CENTER REPRESENTATIVE.**

- Notes: 1) Vendor Representations for Hub Zone Small Business and Small Disadvantaged Business require SBA certification.**
- 2) The features of the former SBA PRO-Net site are now available only via the Department of Defense (DoD) Central Contractor Registration (CCR). The CCR “Dynamic Small Business” function performs the same searches as PRO-Net, and the “Supplemental Pages” will register/update the associated SBA profile if the firm is a small business.**

**THIS HANDOUT IS TO BE USED ONLY AS A REFERENCE TOOL IN PREPARING A SUBCONTRACTING PLAN.**

**SUBCONTRACTING PLANS**

The Federal Acquisition Regulation, Clause 52-219.9 cites the six elements that each Subcontracting Plan must contain, i.e., goals; name and duties of the individual who will administer the plan; a description of efforts; flow down clause; reports and records.

Goals: expressed in terms of percentages and dollars of the total contract value that are planned to be subcontracted to small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business and women-owned small business concerns that are realistic.

Administration: Name, title, and position within the corporate structure; duties and responsibilities of the individual who will administer the subcontracting program.

Description of Efforts: Describe steps to be taken to ensure equitable opportunities to small, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business and women-owned small business concerns.

Flow down Clause: Requirement for subcontracts that offer further subcontracting opportunities and for subcontracts in excess of \$500,000.

Reports: Requirement to submit periodic reports

Records: Requirement to maintain records on adopted procedures to comply with requirements and goals in the plan.

The following information will assist you in determining what type of plan would be most beneficial for your company to submit.

**INDIVIDUAL SUBCONTRACTING PLAN:**

This type of plan covers the entire contract period (including option years, however, separate goals are required for the base year and each option year); applies to a specific acquisition; and has goals based on planned subcontracting for the specific contract except indirect costs, incurred for common or joint purposes, may be allocated on a prorated basis to the contract. The plan shall address all six elements as cited above. The plan when approved and incorporated into the contract will remain in effect until the contract has been completed.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

MASTER SUBCONTRACTING PLAN:

This type of plan contains all the required elements of an individual plan, except goals. It can be submitted on a plant-wide or division-wide basis with no specific acquisition identified. The subcontracting goals and any deviations from the approved plan shall be identified by the offeror as an addendum to the approved Master Plan. The offeror will be required to provide the Procuring Contracting Officer (PCO) with copies of the approved Master Plan along with the addendum which cites the goals and deviations, if any. The approved master plan and the addendum are formulated into an individual subcontracting plan, which can be identified with a specific acquisition. A master plan is effective for a three-year period after approval by the Administrative Contracting Officer (ACO). The master plan, when incorporated in an individual plan, applies throughout the life of the contract.

COMMERCIAL PRODUCTS SUBCONTRACTING PLAN:

This type of plan is submitted on a plant-wide or division-wide basis with no specific acquisition identified. A commercial product means a product in regular production that is sold in substantial quantities to the general public and/or industry at established catalog or market prices. It also means a product which, in the opinion of the Contracting Officer, differs only insignificantly from the contractor's commercial product. The plan addresses all six elements as cited above. If a commercial product is offered, the subcontracting plan covers the company's production generally, both for government contracts and for regular commercial sales. The plan will remain in effect for the entire fiscal year for all government contracts in effect during the period. It is preferred that the plan coincide with the government's fiscal year since the activity under this type of plan is reported once a year on the SF 295. The contractor is required to submit a new commercial plan, 30 working days before the end of the fiscal year to the contracting officer. It is the contractor's responsibility to insure that it has an approved commercial plan on file for each year of contract performance.

DEFINITIONS

SMALL BUSINESS CONCERN: A small business is a concern, including its affiliates, which is organized for profit; independently owned and operated; not dominant in the field of operation in which it is competing; and can further qualify under the criteria concerning number of employees, average annual receipts, or other criteria as prescribed by the Small Business Administration.

HUB Zone: A historically underutilized business zone is an area located within one or more qualified census tracts, qualified non-metropolitan counties, or lands within the external boundaries of an Indian reservation.

HUB ZONE SMALL BUSINESS CONCERN: A small business concern that is located in an "historically underutilized business zone;" is owned and controlled by one or more U. S. Citizens; and at least 35% of its employees reside in the HUB Zone. Status as a qualified HUB Zone small business concern is determined by the Small Business Administration (SBA). If the SBA determines that a concern is a qualified HUB Zone small business, it will issue a certification to that effect and will add the company to the List of Qualified HUB Zone Small Business Concerns

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

on its Internet site at [www.sba.gov/hubzone](http://www.sba.gov/hubzone). The concern must be listed to be considered a HUB Zone small business concern. The HUB Zone application can be obtained from the same web site. HUB Zone certification will also appear in the company's profile listed in the DoD Central Contractor Registration (CCR) database at [www.ccr.gov](http://www.ccr.gov) "Dynamic Small Business Search."

**SMALL DISADVANTAGED BUSINESS CONCERN (SDB):** A small business concern (1) which is at least 51% owned by one or more socially and economically disadvantaged individuals: or, in the case of any publicly owned business, at least 51% of the stock is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more such individuals. The term "socially disadvantaged" means individuals who have been subjected to racial or ethnic prejudice or cultural bias because of identity as a member of groups without regard to their individual qualities. The following individuals are presumed to be socially disadvantaged: Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, and Subcontinent Asian Americans. The term "economically disadvantaged" means socially disadvantaged individuals whose ability to compete in the free enterprise systems is impaired due to diminished capital and credit as compared to others in the same/similar line of business and, as a result, have been or are likely to be precluded from successfully competing in the open market. A socially disadvantaged individual whose personal net worth does not exceed \$750,000 (\$250,000 for certification under the SBA Section 8 (a) Program), excluding his/her ownership interest in the company and equity in his/her personal residence is considered to be economically disadvantaged.

Application for SDB certification can be obtained at [www.sba.gov/sdb](http://www.sba.gov/sdb). SDB certification will appear in the company's profile listed in the DoD Central Contractor Registration (CCR) database at [www.ccr.gov](http://www.ccr.gov) "Dynamic Small Business Search."

**WOMAN-OWNED SMALL BUSINESS CONCERN:** A small business concern that is at least 51% owned by one or more women; or in the case of any publicly owned business, at least 51% of the stock is owned by one or more women AND whose management and daily business operations are controlled by one or more women.

**SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS CONCERN:**

(1) A small business concern –

(i) not less than 51% of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51% of the stock of which is owned or one or more service-disabled veterans; and

(ii) the management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

**PRIME VENDOR SUPPORT

4 In accordance with FAR Clause 52.219-9 – The offeror’s subcontracting plan shall include, at a minimum, the following:

1. Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged and women owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. For individual contract plans, the total dollars to be subcontracted are stated. For commercial plans, the total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales are stated.

2. The suggested format for percentage and dollar goals follows:

existing company source lists, SBA PRO-Net information accessed at the DoD Central Contractor Registration [www.ccr.gov](http://www.ccr.gov) “Dynamic Small Business Search”, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUB Zone small business, small disadvantaged business and women-owned small business concern trade associations). Information referenced in the supplemental pages to the CCR’s “Dynamic Small Business Search” can be relied upon as an accurate representation of a concern’s size and ownership for the purposes of maintaining a small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business and women-owned small business source list. Use of the CCR “Dynamic Small Business Search” as its source lists does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

6. A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged, and women-owned small business concerns.
7. The name of the individual employed by the offeror who will administer the offeror’s subcontracting program, and a description of the duties of the individual.
8. A description of the efforts the offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business and women owned small business concerns have an equitable opportunity to complete for subcontracts. (This element shall include, but shall not be limited to, the following:)

In order to effectively implement this plan to the extent consistent with efficient contract performance, the contractor shall perform the following functions:

- a. Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged, and women owned small business concerns by arranging solicitations, time for preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the contractor’s lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
- b. Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged, and women owned small business concerns in all “make or buy” decisions.
- c. Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business,

**PRIME VENDOR SUPPORT  
LITTLE ROCK, AR AND SURROUNDING AREAS**

- HUB Zone small business, small disadvantaged and women owned business concerns.
- d. Provide notice to subcontractors regarding penalties and remedies for misrepresentations of business status as small business, veteran-owned small business, HUB Zone small business, small disadvantaged business or women-owned small business for the purpose of obtaining a subcontract.
9. Assurances that the offeror (i) will include the clause in this contract entitled “Utilization of Small Business Concerns” in all subcontracts that offer further subcontracting opportunities, and (ii) will require all subcontractors (except small business concerns) that receive subcontracts in the excess of \$500,000 (\$1,000,000 for construction of any public facility), to adopt a plan similar to the plan agreed to by the offeror.
10. Assurances that the offeror will (i) cooperate in any studies or surveys as may be required; (ii) submit periodic reports in order to allow the Government to determine the extent of compliance by the offeror with the subcontracting plan; (iii) submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or Standard Form 295, Summary Subcontract Report, in accordance with the instructions on the forms. The reports shall provide information on subcontract awards to small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business, woman-owned small business, and when applicable, Historically Black Colleges and Universities and Minority Institutions. The offeror also must ensure that its subcontractors agree to submit Standard Forms 294 and 295.
11. Recitation of the types of records the offeror will maintain to demonstrate procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of its efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):
- a. Source lists (i.e., CCR “Dynamic Small Business Search), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business, and women-owned small business concerns.
  - b. Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUB Zone small business, small disadvantaged business, and women-owned small business concerns.
  - c. Records on each subcontract solicitation resulting in an award of more than \$100,000, indicating whether (A) small business concerns were solicited and if not, why not, (B) Veteran-owned small business were solicited and if not, why not, (C) service-disabled veteran-owned small business were solicited and if not, why not, (D) HUB Zone small business concerns were solicited and if not, why not, (E) small disadvantaged business concerns were solicited and if not, why not, (F) women-owned small business concerns were solicited and if not, why not, and (G) if applicable, the reason award was not made to a small business, veteran-owned small business, service-disabled veteran-

owned small business, HUB Zone small business, small disadvantaged business, or women-owned small business concern.

d. Records of any outreach efforts to contact (A) trade associations; (B) business development organizations; (C) conferences and trade fairs to locate small, HUB Zone small business, small disadvantaged and women owned small business concerns and (D) veterans service organizations.

e. Records of internal guidance and encouragement provided to buyers through (A) workshops, seminars, training, etc. and (B) monitoring performance to evaluate compliance with the program's requirements.

f. On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address and business size of each subcontractor. Contractors having company or division-wide annual commercial plans need not comply with this requirement.

g. SUPPLEMENTAL INFORMATION

Section 1207 of Public Law 99-661, Contract Goal for Minorities, supplements FAR Clause 52.219

Offerors are required to:

- a. Establish a subcontracting goal of 5% for small disadvantaged businesses.
- b. Identify efforts to provide technical assistance to SDB's.
- c. Include a statement that Historically Black Colleges and Universities (HBCU's) and other Minority Institutions (MI's) will be considered when developing SDB goals, when applicable.

**Prime Vendor Revised Supplemental Data Specifications**

This document details the revised supplemental data requirements to support the NAPA allowance and sales tracking program. In an effort to tighten up the data reporting and data auditing; One2OneUS is revising the requirements for Supplemental Data.

The data requirement will encompass a recap of all invoices issued to the DSCP for deliveries made to Military bases under your Prime Vendor Contract Number(s).

Please Note the following important points about the implementation process:

- 1) One2OneUS will contact you to confirm receipt of this document. During such contact, a reasonable target date will be established to comply with the new supplemental data requirements. Any questions about the data requirements can be discussed. Additional phone conferences can be scheduled to discuss the requirements with your IT staff.
- 2) The frequency of transmission will be discussed with each Prime Vendor. One2OneUS will be asking for a weekly transmission. Under extenuating circumstances this may be changed.
- 3) Your existing supplemental data must continue to be sent. The existing supplemental data will be stopped upon notification from One2OneUS. It is anticipated to be approximately two months after successful implementation of the new supplemental data. Therefore, there will be some overlap.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, ARKANSAS AND SURROUNDING AREAS**

- 4) Once your IT department has prepared the new supplemental data and forwarded the data to One2OneUS via the One2OneUS ftp site, One2OneUS will analysis the data for proper format and content. A report will be send back with pass/fail status. If the test fails, the Prime Vendor will need to make the modifications and re-send another set of test data.
- 5) The new supplemental data must be sent via ftp to One2OneUS.
- 6) Each time the supplemental data is received the Prime Vendor will be sent an email notification of receipt.
- 7) Each time One2OneUS processes the new supplemental data, a report card will be sent back to the Prime Vendor indicating any errors and/ or omissions within the data.

If you have any questions about the contents of the data file please contact One2OneUS @ (609) 714-0700 or email [data@one2oneus.com](mailto:data@one2oneus.com).

## Field Description

0. This field represents your computer systems transaction date. The date the record was created. This critical field is required to ensure that each week's transmission does not overlap and/or overlook any data.
1. This field represents Your DSCP Contract Number (e.g. SP030098D1234)
2. This field represents The Military Base's Purchase Order Number (e.g. FT906880631234)
3. This field represents the Invoice Number. (e.g. 00012356)
4. This field represents the invoice date. (e.g. 31 Jan 2005 = 01/31/2005)
5. This field represents the ship date. (e.g. 31 Jan 2005 = 01/31/2005)
6. This field represents Release Number/Call Number from the originating Purchase order (e.g. 063A)
7. This field represents Department of Defense Activity Address Directory. (e.g. FT9068)
8. This field represents the Prime Vendor assigned customer number. (e.g. 00020)
9. This field represents the name of the ship to location. Please provide full description of the location. (e.g. FT BLISS / DINING HALL C)
10. This field represents the address line 1 of ship to name.
11. This field represents the address line 2 of ship to name.

**PRIME VENDOR SUPPORT  
LITTLE ROCK, ARKANSAS AND SURROUNDING AREAS**

12. This field represents the city of ship to name.
13. This field represents the state of ship to name.
14. This field represents the zip code of ship to name.
15. This field represents the country of ship to name.
16. This field represents the prime vendor's part number of the product that shipped. All leading zeros are required. All characters such as dashes are also required if the vendor uses the character in their part number identifier. (e.g. 0012345-24567V)
17. This field represents National Stock Number assigned by DSCP aka the Customer Part Number. (e.g. 891500E210123)
18. This field represents the manufacturer's part number of the product. All leading zeros are required. All characters such as dashes are also required if the manufacturer uses the character in their part number identifier. (e.g. 12345)
19. This field represents the manufacturer's UPC number of the product. The UPC should be formatted as a UPC. (e.g. 0-54321-12345-9) If your system does not provide the check digit it may be omitted.
20. This field needs to identify the manufacturer (not necessarily the supplier) of the product. Please indicate the manufacturer or brand name or some code indicating the same. If you use a code please provide an additional listing of those codes and their description. Please note, this is the manufacturer of the product not necessarily who supplied you the product.
21. This field represents prime vendor product description. (e.g. CRACKERS 5/1 LB)
22. This is a flag indicating if the item is a catch weight item. (e.g. "Y")
23. This is the case net weight of the product shipped. (e.g. 000022.4500)
24. This is the case net weight unit of measure. (e.g. "LB")
25. This field represents the packaging description. (e.g. 6 - 5 LB PER CASE)
26. This field represents quantity invoiced. (e.g. 2 units = 000002.0000)
27. This field represents unit of measure of quantity invoiced in field 26 (e.g. CS or LB)
28. This field represents the unit price (e.g. 000019.99)
29. This field represents the unit price unit of measure (e.g. LB)

**PRIME VENDOR SUPPORT

30. This field represents the unit price conversion factor to quantity unit of measure (field 28). (e.g. 000020.0000) If field 28 is "CS" then this means there are 20 pounds in each case.
31. This field represents the Extended Price charged for the Quantity Invoiced in field 27. (e.g. \$39.98 = 000039.9800) This is typically calculated by multiplying field 26 times field 28 if field 27 equals field 29.
32. This is the off-invoice allowance amount. It can be found in the NAPA table. If the product is not subject to a NAPA allowance then please set this field to zero. (e.g. 0000000.3500)
33. This is the allowance unit of measure for field 32. It can be found in the NAPA table. If the product is not subject to a NAPA allowance then please leave this field blank. (e.g. CS or LB)
34. This field represents allowance unit of measure conversion factor which is conversion from field 33 to field 27.
35. All other allowances dollar amount. Such as food show allowances, etc.
36. Unit of measure for field 35.
37. All other allowance unit of measure conversion factor which is conversion from field 36 to field 27.
38. For each item, provide the applicable markup amount. As previously negotiated with DSCP, you have assigned a markup amount to each food category or to each item. This amount should correspond to the unit of measurement of field 27. This is required in order to insure that a NAPA allowance was provided off-invoice.
39. This field represents unit of measure for field 38.
40. This field represents prime vendor unit distribution fee unit of measure conversion factor which converts from field 39 to 27.
41. This field represents prime vendor landed cost for the item shipped. (e.g. 0000002.5000)
42. This field represents prime vendor landed cost unit of measure. (e.g. CS or LB)
43. This field represents prime vendor landed cost conversion factor which converts from field 42 to 27.
