

## Small Business Data Base Directory

Dynamic Small Business (Dynamic) is a search engine that will identify small business manufacturers and dealers who have registered with the Central Contractor Registration (CCR) and have provided supplemental information.

Dynamic offers a number of search options to locate small businesses. The North American Industry Classification System (NAICS) Codes identify the different industry categories. These Codes can be found at:

[http://www.sba.gov/idc/groups/public/documents/sba\\_homepage/serv\\_sstd\\_tablepdf.pdf](http://www.sba.gov/idc/groups/public/documents/sba_homepage/serv_sstd_tablepdf.pdf)

For your convenience, NAICS codes for Food Manufacturing are in sub-sector 311 (311211-311999) and the NAICS codes for Food Wholesalers are in sub-sector 424 (424410-424590).

To access Dynamic, and to register in the CCR so that you are in the small business data base and appear in Dynamic, go to <http://www.ccr.gov>.

### **NOTICE:**

1. Dynamic is a data base of small businesses that register in the CCR and provide additional information for the SBA profile. When a company indicates it's a small business when registering/updating in CCR, a supplemental page allows the company to enter its small business profile information. The SBA's small business logic will calculate a registrant's small business size status against each NAICS listed in its record. Size status is based upon the company's inputted revenue and employee size information. The record must show the total revenue/number of employees for the entire firm and all its divisions, branches and affiliates worldwide. SBA will populate the SBA Certified Small Disadvantaged Business, SBA Certified 8(a) and SBA Certified HUBZone business type fields in CCR.
2. DLA Troop Support does not assert knowledge of these firms nor to the qualifications and capabilities of these firms.
